Death Comes Quietly to Halt Colorful Career of Mr. Sam

BONHAM, Tex. (AP) — Sam Rayburn, who served longer as House speaker than any man, died today in the home town he loved.

Cancer and its complications caused his death. He would have been 80 on Jan. 6.

The White House was notified immediately. So was Rep. John W. McCormack of Massachusetts, the Democratic leader of the House.

'Very Easy Death'

McCormack was the man Rayburn chose to serve temporarily as speaker when "Mr. Sam" had to leave Congress before it closed because of what he called "lumbago."

But even then, his doctor believed, he knew he had cancer. The physician, Dr. Joe A. Risser, and members of the speaker's family and staff stood by the bedside in Risser Hospital as Rayburn faded away.

"It was a very easy death for a very great man," Dr. Risser told reporters.

'Just Quit Breathing'

Asked about the immediate cause of death, Risser said simply that: "He just quit breathing."

Then, in more formal language, he put it this way: "At 6:20 this morning Mr. Sam passed away. He died quietly. He showed no evidence of pain lines in the face. He seemed to be as one in sleep."

Rayburn had been unconscious

SAM RAYBURN

for about 36 hours before his death. The doctor and family had spent two near-sleepless nights at the hospital.

Funeral Saturday

The office of Vice President Lyndon B. Johnson said in Washington that funeral services for Rayburn will be held at 2:30 p.m. CST, Saturday, in Bonham.

The burial will be in the family plot, perhaps three-quarters of a mile from the center of this northern Texas town of 7,000, where

Rayburn was the outstanding citizen.

President Kennedy is expected generally to attend the services. He will have to shuffle arrangements for a four-day Western trip to do so.

JFK's Physician Informed

The first telephone call from the little yellow brick hospital after Rayburn died went from Dr. Risser to Kennedy's physician in Washington, Dr. Janet Travell.

This was by long-standing prearrangement. The President had asked that he be kept in touch with Rayburn's condition.

The sergeant-at-arms of the House, Zeake Johnson, was told promptly that the man who wielded the gavel there more than twice as long as any other was dead, and it was for him that the first word of Rayburn's death came out.

At Rayburn's bedside here when he yielded to cancer were members of his family, doctors on the hospital staff and several nurses. The members of the family left the hospital shortly after his death.

Achieved One Wish

Rayburn achieved one wish concerning his death but failed in another.

"I want to die with my boots on and with my gavel in my hand," the venerable dean of 20th century politics told friends when he left Washington at the end of

U.S. Sends Up 3 New Satellites Checking on Spy System and Space

By HOWARD BENEDICT
Associated Press Staff Writer

Three new United States satellites circled the globe today seeking data for navigation and spy-in-the-sky space systems.

The trio soared aloft Wednesday in one of this nation's most productive days in the space age. Two of the satellites rode skyward in the nose of a Thor-Able-Star rocket fired from Cape Canaveral Wednesday night. One is the 150-pound Transit 4B, partially powered by a nuclear generator. The other is a 240-pound "Dumbell" package which is intended to stretch out more than 100 feet in two weeks in a satellite stabilization experiment.

Gave U. S. Big Boost

The satellite twins gave the U. S. a big boost toward a space navigation network to guide ships, planes, submarines and missiles. Earlier, the 35th rocket in the Discoverer series flung a satellite into orbit from Vandenberg Air Force Base, Calif., in another try at developing means of recovering capsules from space.

Within a few days, the Discoverer

Likens Plan to Hitler's Day

Wagner to Sue Over Redistricting Rule

NEW YORK (AP) — Mayor Robert F. Wagner will sue in court as a private citizen in an effort to kill the congressional reapportionment enacted by the Republican-controlled Legislature last week.

Wagner, recognized by the Kennedy administration as the state's top Democrat, says the legislation was a "colossal steal of the people's voting rights." He compares it to practices in Germany in Hitler's day.

Grounds for Suit: Larkin

Wagner announced on television Wednesday night that he had directed the city's corporation counsel, Leo A. Larkin, to start a suit challenging the constitutionality of the reapportionment.

The mayor said Larkin had advised him there were grounds for the suit under the fourteenth amendment, "which guarantees all citizens equal rights and protection under the law."

New York State will have 41 seats in the next Congress—instead of the present 42—as a result of the 1960 census which showed that the state's relative population growth lagged behind the nation's.

The Democrats now have a 22-21 majority in New York's congressional delegation. The reapportionment law is generally expected to give the Republicans a 26-15 majority.

'Cry-Baby Act': GOP

Wagner charged on the TV program that the Legislature's action discriminated against city dwellers in the state for the "crime" of voting Democratic.

He said the Legislature and

18 Inducted Into Service From Sector

Increased national selective service quotas in September, October and November are reflected locally in the recent induction of 18 men, the largest in several years and possibly the highest since the years of the Korean conflict.

Local draft boards 18 (city) and 19 (county) forwarded the inductees to the army reception center, Fort Dix, N. J., on Nov. 13.

Dec. Quota Smaller

Next month's local quota is expected to be considerably smaller due to the recently announced cut in the national total from 20,000 to 16,000. After a September quota of 25,000 the national call was cut down to 20,000 for the next two months.

Local board inducted 14 in October and although the national quota was higher in September they sent out only 11.

Nationally the first half of next month's quota will report to induction centers by Dec. 8, and the other half by Dec. 15. Local draft boards have been asked to induct one group a month.

Names Listed

Recently inducted by the local boards were: James Joseph Massa, 157 Tammany Street; John Richard DeCicco, Route 1, Box 290, East Kingston; Russell Edwin Howard Jr., 37 Smith Avenue; Frank James Zambello, 132 Harding Avenue; Sebastiano Portuese, Pine Crest Road, New Paltz; Robert Hartum, Box 59, Plattekill Drive, Mt. Marion; Arnold John Crookston, Rosendale; Lawrence Herman Brandt, Sunset Drive, Port Ewen; Richard Elias Suttler, Rock Hill Road, RFD, High Falls; Robert Clinton Brown, Yama Hills PO, 405, Napanoch; William Francis Dougherty, Vineyard Avenue, Highland; Joseph Frank Ruggiero, Box 358, RD 2, Wallkill; William Mueller, Route 42, Saugerties; George Harry Legg, Napanoch; Roy Andersen, Oak Ridge Road, Ellenville; William Donald Schaffer, Malden-on-Hudson; Donald Charles Stubblebine, RD Route 55, Napanoch; and Joseph Louis Scarselli, Route 4, Box 272, Saugerties.

There was no disorder but

prison industries were brought to a halt.

McGinnis first conferred with Warden Wilfred L. Denno, and then met with about 30 inmates, selected at random, and listened to their complaints.

The prisoners also demanded release from isolation of two prisoners whom officials accused of trying to stir up a strike of prison cooks.

McGinnis noted that the same complaint over good behavior time sparked earlier demonstrations at Green Haven and Auburn Prisons.

State law provides that a prisoner turned down for parole at the end of his minimum sentence loses time off for good behavior he accumulated during the term of his minimum sentence.

Normally, good behavior can earn an inmate as much as one-third of his sentence.

He said the Legislature and

Charles J. Cole, public works superintendent, today announced that collection of leaves is due to start in the Third Ward Friday, weather permitting. From there the workmen are due to move into the Fourth and Fifth wards.

Blizzard Conditions Hold, Southwest Counts 8 Deaths

By THE ASSOCIATED PRESS
Bitter winds blew across miles of snow-covered countryside today behind the second storm to buffet New Mexico and Texas in three days. The new storm also hit Colorado, Oklahoma and Kansas.

As much as three feet of snow blanketed storm areas, which counted eight deaths from the wintry weather since Monday.

Blizzard conditions lingered on the eastern Colorado plains, closing U.S. Highway 160 west of Springfield and U.S. 40 between Kit Carson and Cheyenne Wells.

New snow thickened the icy coverlet in extreme northeast New Mexico and parts of the Texas and Oklahoma Panhandles, and spread eastward into Kansas.

Skies cleared early today in the Texas and New Mexico areas. Snow continued in Oklahoma, where it blocked roads west of Boise City in the state's westernmost county.

Elsewhere in the storm sector, subfreezing temperatures left many highways glassy slick and hazardous.

Fresh snow measured a foot or more at some points, and considerable amounts remained from the preceding two days—up to 36 inches in the mountains of south central New Mexico, where there were 6-to-8 drifts.

More than 12 inches of new snow blanketed Trinidad in southern Colorado, and wind gusts hitting 30 miles per hour made auto travel risky along the eastern slope of the Rockies. An ice storm gripped Denver.

Politics, Policy to Be Mixed

Will Attend Fetes Honoring 2 Solons

WASHINGTON (AP) — President Kennedy, saddened by the death of House Speaker Sam Rayburn, set out today on a four-day Western trip.

The trip will be partly political but probably will open with a major foreign policy talk. The schedule includes Democratic party tributes and a display of naval striking power, but might be altered so that Kennedy could attend Rayburn's funeral.

Meets With Rusk

Kennedy's big jet took off from Andrews Air Force Base in Maryland at 9:31 a.m. EST for Seattle, where he speaks at the University of Washington's 100th anniversary celebration this afternoon.

Before leaving, Kennedy met with Secretary of State Dean Rusk and other foreign policy advisors. The discussions presumably included the visit to Washington next week by Chancellor Konrad Adenauer of West Germany.

The President reportedly planned to make his university speech the big one of his first tour of the West since election day last November. He was expected to give his view of the international scene and the broad area of East-West conflict.

Magnuson, Hayden Dinners

Kennedy will remain overnight in Seattle to address a dinner honoring Sen. Warren G. Magnuson, D-Wash. He has a similar engagement in Phoenix Friday night, where Democrats are paying their respects to 84-year-old Sen. Carl Hayden, D-Ariz.

Magnuson has completed his 25th year in Congress, while Hayden has served in Washington twice that long. Both started in the House.

Kennedy's schedule bore distinct political markings at both start and finish. Magnuson, with Gov. Albert Rosellini, Sen. Henry M. Jackson and other Democratic state and party officials were to greet him at Seattle's Boeing Field.

Then, after skipping from the Northwest to Phoenix and San Diego, Kennedy will mingle with California Democratic leaders at a party dinner in Hollywood on Saturday night. He'll make a speech there too.

May Visit Lawfords

Earlier Saturday, Kennedy will witness Navy and Marine exercises at San Diego. He is slated to fly from Phoenix Friday night and board the carrier Kitty Hawk at the Naval Air Station.

Kennedy will fly back to the capital late Sunday night after a day to himself in the Los Angeles area. Most likely he'll stop in Santa Monica, Calif., for a visit and perhaps a dip in the pool at the home of his brother-in-law and sister, actor and Mrs. Peter Lawford.

Military Units Hold Test Alert Here, Po'keepsie

A test alert of the First Howitzer Battalion, 156th Artillery, New York Army National Guard, got under way at 6 p.m. Wednesday, with nearly 400 officers and enlisted men participating.

The test was put into effect on orders of the battalion commander, Lt. Col. Arthur H. Marx, Hyde Park, who alerted his subordinate battery commanders of Kingston and Poughkeepsie units of the battalion, and they initiated their own alert plans.

Receive Cooperation
Kingston and Poughkeepsie radio stations and fire departments cooperated fully in giving the alarm message and National Guard signals.

Major David F. Hart, and Captain Aubrey D. Brown of the 187th Artillery Group staff, with headquarters in Brooklyn, were present to inspect the mobilization at the Kingston Armory. These two officers had been secretly notified of the time of the alert and arrived in time to

Italians Suspected as Belgians

U.N. Charges Congo Rebels Slew Airmen

LEOPOLDVILLE, the Congo (AP)—The United Nations today announced that insurgent Congolese troops had "brutally murdered" 13 Italian U.N. airmen at the Kivu Province town of Kindu.

A U.N. spokesman said the unarmed fliers were shot by unruly troops shortly after their arrest last Saturday afternoon.

Some of their bodies were dismembered and hurled into the

Lualaba River, the spokesman added, by soldiers who apparently suspected them of being Belgian paratroopers.

Ask Forceful Action

The U.N. spokesman, George Ivan Smith, said the U.N. command was presenting "specific proposals" to the central Congo government for forceful action to investigate and punish those responsible for the murder and to prevent a repetition.

If the government response seems insufficient, Smith said, the U.N. is prepared to act immediately on its own. He added that Malayan troops prepared for any necessary action already are being flown to reinforce the 200-man Malayan U.N. garrison in Kindu.

The U.N. already had threatened military action if the rebellious soldiers—part of a disorderly command of more than 2,000 claiming allegiance to leftist Vice Premier Antoine Gizenga—failed to give up the Italians.

Decide on New Steps

U.N. headquarters here was in telephone consultation with Acting Secretary-General U. Thant in New York throughout the night to decide on the next steps to be taken by the world body.

The murder of the Italians was announced after word that Congolese Gen. Victor Lundula had returned to Kindu for another attempt to secure the Italians' release and to quell what was described as an open mutiny against the authority of the central government. Diplomats in Leopoldville said Gizenga himself was responsible for the mutiny.

The 13 Italian airmen had flown into Kindu in two C-119 transports on a routine mission Saturday. Congolese soldiers attacked the airmen in the U.N. Malayan officers' mess, manhandled and beat them and took them off to the town prison.

Eyewitness reports to the U.N. said the men were shot before a crowd. When U.N. officials later confronted the local Congolese commander, he pleaded ignorance of the events and intimidated his men were beyond his control.

"You know how soldiers are," he reportedly told the U.N. officials.

U Thant Assails Congo Killings as Plain Savagery

UNITED NATIONS, N.Y. (AP) — Acting Secretary General U. Thant today denounced the slaying of 13 Italian airmen in the Congo as "outright savagery" and said he had instructed U.N. officials on the scene to see that those responsible "receive the punishment they deserve."

U Thant made the statement in a message of sympathy sent to Italian Foreign Minister Antonio Segni here and to the Italian government in Rome.

The statement said: "These men, who had served the U.N. operation in the Congo with devotion and valor, were ambushed and brutally murdered by undisciplined Congolese troops in an act of outright savagery."

Salt Water Spray To Detect Lung Cancer Used Here

A recent announcement which received widespread publicity was that of Dr. Hylan A. Bickerman of Columbia University, who while addressing a meeting informed his listeners that the "Aerosol Collection of Sputum" is under experimentation at the Columbia Presbyterian Medical Center.

This procedure has been used successfully at Golden Hill Hospital for approximately one and one-half years. Dr. Herbert F. Schwartz, medical director of the hospital, has informed The Freeman.

Dr. Schwartz says this procedure was used to collect sputum specimens from persons suffering from tuberculosis who were unable to raise any sputum naturally. It has been used since to collect sputum from persons with suspected lung cancer who also were unable to raise naturally.

The equipment consists of a bottle with an inserted heater which is connected to a pressure machine. The operation of this equipment produces a fine mist in the nature of a fog which is then inhaled by the patient for approximately 10 to 15 minutes. This fine mist of salt solution produces a stimulus to the cough mechanism of the human body which then makes the patient raise a small amount of sputum. The specimen thus obtained is then sent to the City of Kingston Laboratory for special study relative to the suspected diagnosis.

Khrushchev Can't Lose by Waiting

Quiet Period After Soviet Congress Baffles West, May Be Good for Reds

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — This is one of those very nice times when, just because it's so quiet, you begin to hope that maybe if you don't look around the bogeyman will go away, although you know he won't.

Ever since the Soviet party congress began in mid-October Premier Khrushchev has been practically speechless on Berlin, which he had been building into a crisis for four months, except to say he was willing to wait a bit for a settlement.

Luck on K's Side
This has truly baffled the Western Allies, although all it proves so far is that Khrushchev is such an excellent actor that he can puzzle his adversaries as much by silence as by speeches.

But he has luck on his side. The Allies seem no more ready now to sit down and discuss Berlin with him than they did last June when he began giving President Kennedy the biggest problem of

his presidency by demanding a settlement.
And the reason they're not ready is that they're still not agreed, after all this time, on what to do next. Khrushchev can't lose anything by waiting. The more time the Allies have for thinking about him, the more they may disagree.

And the more they disagree the more their alliance may split, which is something he couldn't hope to achieve if he suddenly got so rough that he forced them together in self-defense.

K in Allies' Thoughts

It's not that the Allies haven't been thinking about him. They've been as busy running back and forth as the first shoppers inside a bargain basement when the doors opened. They're still doing it.

Just Wednesday the State Department announced the foreign ministers of the United States, Britain, France and West Germany will meet in Paris next month.

Germany's Chancellor Konrad Adenauer meets here next week with President Kennedy and French President Charles de

Gaulle is going to London to talk with British Prime Minister Harold Macmillan.

But the basic difficulty of the Allies in dealing with Russia, which dominates East Germany and Eastern Europe, is how to keep a dream from getting lost in a reality without appearing to say goodbye to the dream.

JFK Noted Situation

Kennedy stated the problem in a paragraph—although he didn't present it as a problem at all—before he ever became president.

That was on Oct. 1, 1960, during the presidential campaign, in Chicago when he addressed a congress of Polish-Americans who, naturally, don't like to think Communist-run Poland is forever lost to communism.

Kennedy said: "We must never at the summit, in any treaty declaration, in our words or even in our minds, recognize the Soviet domination of Eastern Europe as permanent. We must never do it."

This statement was applauded but it didn't add anything to enlightenment on the question of how—short of war with Russia—the Soviets can be induced to loosen their grip on Eastern Europe.

Kennedy's predecessors, Presidents Truman and Eisenhower, didn't have the answer. And neither does he. What he was talking about at Chicago in 1960 was as much of a dream as it is now in 1961.

The reality is that the Russians hold Eastern Europe so completely and the Allies recognize this so thoroughly that they are not only not demanding Russia pull out but don't even try to stop the walling off of East Berlin.

Yet somehow they feel they must keep the dream alive. Because of this, they must somehow find a way in reaching a settlement on Berlin to make concessions to the Russians on the city without seeming to make concessions on the rest of the area about which they are not prepared to do anything now or in the foreseeable future.

TRIBAL CHIEFS AND THE QUEEN — Queen Elizabeth, followed by her husband, the Duke of Edinburgh, shakes hands with some of

the 43 tribal chiefs in Kumasi, Ghana, at celebrations in the couple's honor during their 11-day visit to the African state.

Map Prosecution Plan if Reds Do Not Register

WASHINGTON (AP)—The Justice Department has drawn a bead on Communist party leaders as deadlines for registering with the government near.

The party has until Sunday to register with the department as an arm of the Soviet Union. If the party doesn't register, its officers must by Nov. 30.

Both deadlines are apt to be ignored by Communist party leaders, who have fought the issue in the courts since passage of the Subversive Activities Control Act of 1950, which prescribed the registrations. The Communists have vowed to go to jail rather than comply.

In the face of the defiance,

Justice Department officials have begun mapping plans to prosecute. Atty. Gen. Robert F. Kennedy indicated in Dallas Wednesday the steps his department would take if the deadlines are ignored.

If the Communist leaders fail to register "as they have indicated," Kennedy told a meeting of the Associated Press Managing Editors convention, they will then be subject to a \$10,000 fine and a five year imprisonment. We will also move in that area."

Both the party and its leaders are subject to a fine of up to

\$10,000 for each day of violation of the registration requirements. If the two deadlines are ignored there is a third: party members must file by Dec. 20. If they don't, they face the same fine.

Also, individuals may draw a five-year prison term for each day they have not registered.

The showdown between the government and the Communists has been in the works since the law was passed. The deadlines are based on the Supreme Court's refusal last Oct. 9 to reconsider its decision upholding provisions of the 1950 law.

Births Recorded

The city registrar recently recorded the following births:

Nov. 5—Audrey Jean to Mr. and Mrs. Nelson Sheffield Bellows, Box 186, RD 5, Kingston; Tammy Roxann to Mr. and Mrs. Donald Edward Houghtaling, 283 West O'Reilly Street; Connie Marie to Mr. and Mrs. Chester A. Gray, PO Box 254, Kerhonkson; Gregory Kenneth to Mr. and Mrs. Robert Kenneth Pratt, 104 O'Neil Street; Arnold James to Mr. and Mrs. A. J. Buley, Box 75, Grahamsville; Ralph Wesley 3rd to Mr. and Mrs. Ralph W. Lyons 2nd, PO Box 72, Connelly; and Robert Gerard to Mr. and Mrs. Robert Patrick O'Connell, 65 Miller's Lane.

Nov. 6—Michael Anthony to Mr. and Mrs. Anthony Joseph Galletta, 19 Lafayette Avenue; David James Jr. to Mr. and Mrs. D. J. Koehel, RD 2, Box 272, Stony Hollow; Thomas Craig to Mr. and Mrs. James Matteo, Pine Place, Sunset Park; Craig Merritt to Mr. and Mrs. George

Henry Agor, Benton Corners; Larry James to Mr. and Mrs. Stanley Clyde Quick, Samsonville; and Larry Joseph to Mr. and Mrs. Harry Raymond Kite, Box 12, New Paltz Road, Highland.

Nov. 7—Jamie Ann to Mr. and Mrs. James Jude Fairley, 26 Lake Avenue, Middletown; and Michael James to Mr. and Mrs. Robert John McInerney, 2 Kalina Drive, Town of Saugerties.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP) — David Levy, former NBC vice president in charge of television programming who looked into place the network's popular schedule for this season, took a critical look this week at the industry he's left behind.

In a speech before students of the University of Pennsylvania's school of communications, Levy particularly condemned TV's tendency to follow "trends" in program content.

Levy expressed hope that, just because NBC's new "Dr. Kildare" and ABC's new "Ben Casey"—both series concerned with dedicated young doctors in large hospitals—have been proved hits, that the networks would refrain from following them up with a flood of series about young dentists, young psychiatrists or young ophthalmologists.

He could not have been more adroit in pinpointing one of TV's big troubles.

ABC demonstrated his theme

when the network's new audience participation show, "Yours for a Tuesday," had its evening premiere Tuesday.

The new show has so many obvious ancestors—"Stop the Music," "Name That Tune" among them—that it had a familiar look immediately. But the big, "new" item is that when the contestants have finished trying to supply missing lyrics for old, awfully well-known songs, the studio audience joins in and sings the last chorus. And so do, it is presumed, the folks at home, because the words are flashed on the screen. Remind you of anything?

It must have taken a lot of creative thought to come up with a "Sing Along" device that might pick up some of Mitch Miller's success and high audience ratings.

"Yours for a Song" is a shabby, dull show in spite of all the borrowing from successful ones—and because it is so imitative and contrived it deserves a short life.

Recommended viewing: "The Glamor Trap," NBC, 3-4—special day-time show for women, exploring our national feminine preoccupation with youth and beauty.

Sale Is Approved Of Phone Company

ALBANY, N.Y. (AP)—The Public Service Commission authorized the Dundee Telephone and Telegraph Co. today to sell its plant and system to Western Counties Telephone Corp. for approximately \$310,000.

The commission also approved a proposal by Western Counties that it borrow \$1.1 million from the Rural Electrification Administration to finance the purchase and modernization of the Dundee plant.

Dundee serves about 1,600 stations in Schuyler, Steuben, and Yates counties. Most of its stock was acquired in 1959 by the officers of Western Counties.

Western, with headquarters in New York City, serves approximately 3,000 stations in parts of Cortland, Broome, Tioga, Genesee, Wyoming, Tompkins, Yates and Chemung counties.

Turkeys Are Down 10 Cents a Pound From '60 Market

By THE ASSOCIATED PRESS

Housewives who want to get an early start on their family's Thanksgiving dinner will find turkeys available at bargain levels in many supermarkets and neighborhood groceries this weekend.

Turkey prices are as much as 10 cents a pound under a year ago. Charges run as low as 27 cents a pound for 8 to 18 pound turkeys in the Chicago area and 29 cents for 18 pounds-plus around New York.

For this weekend, pork in a wide variety of cuts offers the greatest number of bargains. Smoked hams seem to be the most popular item. Regional offerings include loin roast in the Northeast; chops, spare ribs and smoked butts in the Midwest; and picnics, sausage and bacon in the Southeast.

Beef specials are scattered, although round, sirloin and porterhouse steaks are featured in the Midwest and chuck and shoulder roasts in the Southeast.

Broiler-fryers are marked down in the Midwest and Southwest, while other poultry specials include baking hens in the Southeast and geese and duck in the Southwest. Fryers are marked up 1 to 2 cents a pound in California, but this is partly offset by 3-cent cuts in veal and calf in the Los Angeles area.

Eggs are 1 to 5 cents a dozen higher in the West and 2 to 4 cents higher in the East. Even so, they're 12 to 18 cents a dozen less expensive than a year ago in the New York area.

Cranberries and processed cranberry products are plentiful. Best buys among vegetables are carrots, cauliflower, cabbage, corn, onions, potatoes, turnips, spinach, squash, celery, lettuce, sweet potatoes and tomatoes.

Fruit counters are well stocked with apples, oranges, grapefruit, and grapes.

When the beaver population gets too heavy in certain areas, conservationists may stage a "beaver lift." The most workable method is to transport the furry rodents by plane and parachute them to the site of their new home. Released in remote mountain areas, a new colony of beavers is soon building dams to their heart's content.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—Fear that the U.S. dollar is heading into another struggle in world financial markets is an added starter at today's meeting in Paris of 20 nations, all entries in the world trade competition.

And the American delegates also are aware that the United States is anticipating one of the bitterest battles in years over a revision of its tariff policies.

Expansion Is Aim
The Organization for Economic Cooperation and Development, meeting in Paris, is known as the

Atlantic Community. Although some like Turkey and Greece are a bit distant from that ocean, its official aim is to expand world trade and spur economic growth.

Looking over the shoulders of the delegates at the conference is the Soviet Union. The Reds are conceded to be planning a stepped-up assault on world trade markets themselves. They've already inflicted considerable pain on American oil companies.

The United States is especially interested just now to see world trade expand—specifically its own exports. Its imports have climbed sharply and so has the deficit in its balance of payments. If continued, the trend could put pres-

sure on the value of the dollar. The deficit arises because the dollars we spend abroad on imports, foreign aid, military commitments, investment, travel exceeds the dollars we get back for our exports, earnings on investments. The deficit almost disappeared early in 1961 but jumped by 50 per cent during the summer and now runs around \$3 billion a year.

Some of the dollars that foreigners get are used to buy gold from our Treasury. And a year ago the outflow of gold reached a volume that made the dollar itself unpopular in some world financial markets. The United States bolstered the dollar's value by trimming

the deficit through cuts in overseas spending and pushing of American exports.

Threat Sighted Again

Now the threat is once again sighted. Not even the dollar could hold its exchange value if the imbalance continued indefinitely.

Adding to the problem is the rapid growth of Western Europe's economy and export trade and the move of Britain toward joining in a trade bloc with nations on the Continent. That could freeze American exporters out of an important market.

The U.S. administration talks of meeting this threat by bargaining for trade concessions. And to be able to bargain it proposes to ask Congress for power to cut tariffs further here.

Opponents of further tariff cutting are numerous. And so are those, both in management and labor, who think tariffs already

are so low that ruinous foreign competition is being encouraged in domestic markets.

The fight in Congress could be a major one.

That's the background as the United States starts today's talks in Paris about ways to speed up economic growth for all the 20 nations and make trade freer.

Handicaps Overcome

WHITEFIELD, Maine (AP)—In spite of two handicaps—age and loss of a hand—84-year-old Arthur Merrigold has shingled the side of his woodshed. With his 75-year-old wife helping—she passed him the shingles—Merrigold nailed them with his good hand. The Spanish-American War veteran lost his hand in a sawmill accident in 1908.

Exhibit Planned Of Rembrandt's Masterpiece Soon

By MILES A. SMITH
Associated Press Arts Editor
NEW YORK (AP) — Rembrandt's masterpiece "Aristotle Contemplating the Bust of Homer" shortly will go on exhibition at New York's Metropolitan Museum of Art, which Wednesday night bid it in for \$2.3 million—the highest known price for a single painting.

The artist got 500 florins for it, the modern equivalent for that being \$7,800.

And the National Gallery in Washington, which broke the record for auction prices for the second time in the evening, will display Fraagonard's "magnificently beautiful 'La Liseuse,' a picture of a young woman reading. The price was \$875,000.

It was a record-topping night at the Parke-Bernet Galleries as 24 old masters brought \$4,679,250. They were from the collection of Alfred W. Erickson, New York advertising man who died in 1936, and his widow Anna, who died last February. The auction took just under an hour.

There is no way of proving or disproving how much one painting might have brought in a private transaction at some point in history. But even guesses and rumors seldom have gone above \$1 million to \$1½ million. It never has been denied that when the late Andrew Mellon—whose pictures now are in the National Gallery—paid the Russian government \$21 million for seven pictures in 1932, Raphael's "Alba Madonna" was rated at a little more than \$1.1 million.

The record for a single painting at auction was \$770,000 for Rubens' "The Adoration of the Magi," at a London sale in 1960. The record for a collection at auction was \$2,180,000 for seven French Moderns in London in 1958.

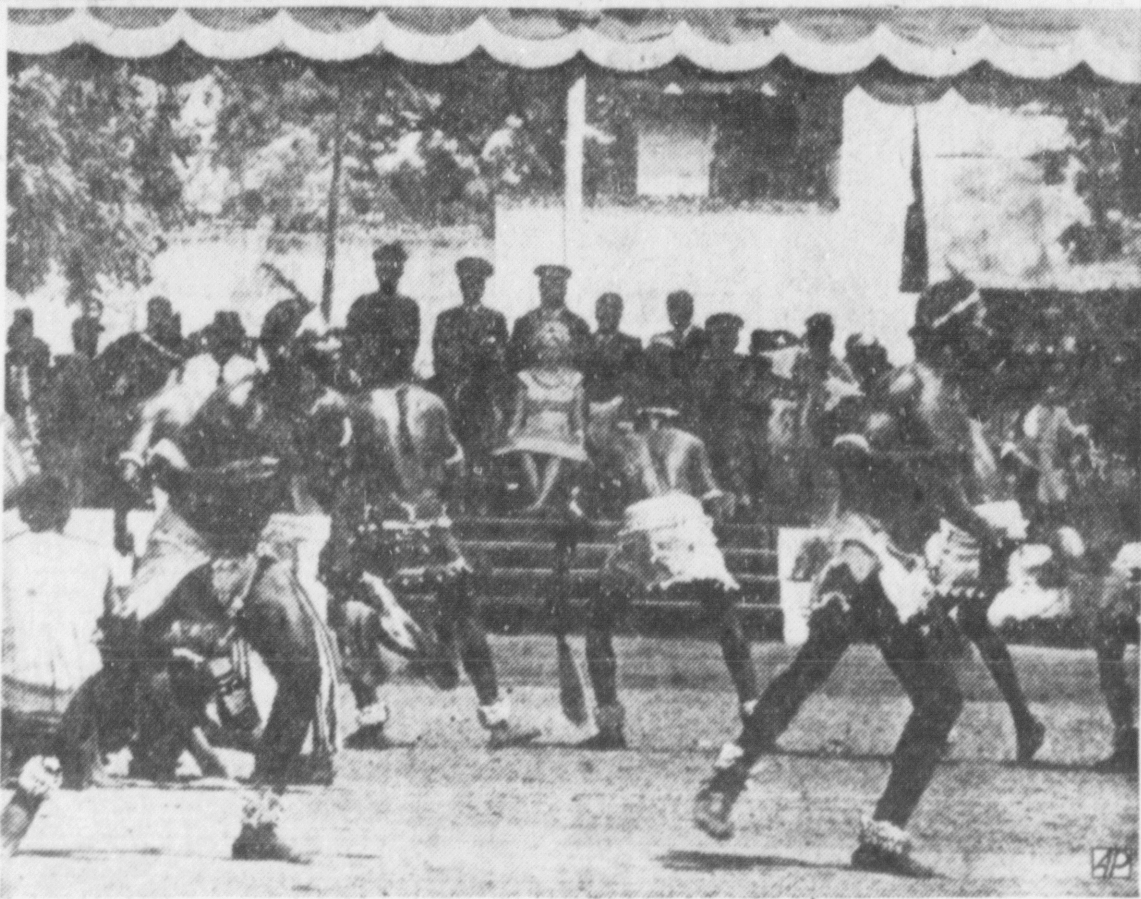

To Build Refinery

Nixon Says More Fight Needed to Keep China Out

PORTLAND, Ore. (AP) — The United States needs "to put a lot more fire and a lot more backbone" into its effort to keep Communist China out of the United Nations, former Vice President Richard M. Nixon said Wednesday.

Nixon told a news conference he was not ready to advocate United States withdrawal from the United Nations if Red China is admitted, but "what concerns me is that at the second levels in our administration, a defeatist attitude has been expressed."

Honeymoon Time

SINGAPORE (AP)—Workers at the Kwangtung Provincial Bank who marry are now entitled to two weeks honeymoon leave. The clause was written into a new two-year working agreement signed Wednesday.

Wary of Martyr Roles

Signs Indicated DeGaulle May Be Ready to Free 3

PARIS (AP)—President Charles de Gaulle today faced mounting pressure from abroad to release three fasting Algerian nationalist leaders who reportedly intend to continue their hunger strike until set free.

Three Moroccan ministers sent by King Hassan II to plead with De Gaulle for the release of Mohammed Ben Bella, vice premier of the Algerian rebel government, and two rebel ministers announced Wednesday night that they were delaying their departure for home.

Concerned About Health

The announcement raised speculation that De Gaulle may be showing signs of freeing the three rebel leaders to avoid making them martyrs in Algeria's fight for independence.

Ben Bella and his fellow prisoners, Hussein Ait Ahmed and Mohammed Khider, were transferred under heavy guard from the Chateau de Turquant in the Loire Valley to Garches Hospital near Paris Monday night when French officials became concerned about their health.

The three started their fast Nov. 2, along with about 3,900 other Algerian prisoners in France who are on a hunger strike demanding better prison conditions.

Algerian spokesmen had indicated earlier that Ben Bella and his two ministers were demonstrating solidarity with all Algerians imprisoned by the French. But their attorneys made it clear that the three are fasting for their freedom. Ben Bella is determined to go on "to the end," his lawyer said.

The Moroccan ministers arrived Tuesday and talked with De Gaulle and Foreign Minister Maurice Couve de Murville. They conferred again with Couve de Murville Wednesday and, after a hospital visit with the fasting Algerians, paid him a second visit Wednesday night.

U. N. Appeals to France
In New York, meanwhile, the U. N. General Assembly by a 62-0 vote appealed to France to "redress the legitimate grievances of the Algerian prisoners in recognizing their status as political prisoners, with a view to making possible the immediate termination of the hunger strike."

France had declared in advance that it could not recognize any such action by the assembly and was not present for the voting.

Refuse to Serve Negro Deputy State Secretary

KANSAS CITY, Mo. (AP)—Carl Rowan, deputy assistant secretary of state, was refused service at a Kansas City night club for an hour Wednesday night. Then the management learned his identity.

"It's not particularly embarrassing to me," Rowan said. "I've been in hundreds of incidents like this. I've been Negro for a long time. It is disgusting, though, that these things happen."

Rowan was here to address the American Association of Land Grant Colleges and State Universities. Rowan and four companions, all white, went to the Eighty-Eight Keys after its Negro combo, led by pioneer jazzman Baby Lovett, had been recommended as one of the best shows in town. They sat at a table for an hour before the management decided to serve them.

Killed in Fall

PLATTSBURGH, N.Y. (AP) — Carroll Ellis, 43, of Massena, was killed in a fall yesterday at a missile project near this northern New York community.

Ellis, a pipefitter, apparently slipped and fell 75 feet down an elevator shaft. The project is one of 12 missile-launching sites under construction around the Plattsburgh base of the Strategic Air Command (SAC).

Boycott Cafeteria

WARREN, Pa. (AP)—Pupils at Warren High School continued to boycott the school cafeteria for the third straight day Wednesday.

However, 35 students bought hot lunches Wednesday compared to nine Tuesday and 11 Monday—the first day of the boycott.

The students claim prices of lunches have been raised.

Jules Ewig Joins Ellenville Firm

ELLENVILLE—Jules Ewig, attorney-at-law, has joined the law firm of Kooperman & Kooperman. The new partnership, consisting of Joseph Kooperman, his wife Ethel Kooperman and Jules Ewig will continue in the general practice of law at the Wayside Inn Building in Ellenville under the name of Kooperman, Kooperman & Ewig.

Joseph Kooperman is one of the senior members of the Bar of Ulster County and the law firm of Kooperman & Kooperman is the oldest firm of practicing attorneys in this village.

He first opened his office here in 1930, having previously resided in Woodridge, Sullivan County, where he started his legal career in 1921. His wife, Ethel Kooperman, was admitted to the Bar and joined him in the practice of law in 1936. She is one of the few women lawyers actively engaged in the practice of law in this part of the state.

Ewig is the son of the late William Ewigkeit and the brother of Arthur B. Ewig, who has been practicing law in Kingston for many years and is now serving as Special City Judge of Kingston.

Jules Ewig attended Syracuse University and is a graduate of St. John's Law School. He was admitted to the Bar in 1936 and shortly thereafter began the practice of law in Walden, Orange County, New York. For several years he was President of the Ellenville Wood Novelty Co., Inc. He recently sold his interest in that firm and became associated with Kooperman & Kooperman where he has devoted his entire time to the practice of law.

The speaker of the day will be Dr. Channing Liem, former Korean ambassador to the United Nations and currently a member of the faculty at State University College at

Murphy Finally Collects Expense Money From N.Y.

It was learned today that on November 13, the City of New York paid Vernon Murphy, former principal attorney for the Board of Water Supply at the Kingston office, \$4,299.08 pursuant to an order of the Supreme Court, to bring to a conclusion a long dispute over Murphy's expenses for the years 1959 through April 1961.

Attorney Murphy, who resides at 149 Main Street, this city, with his family, has been engaged in a continuous struggle with the City of New York over his position as counsel for the Board of Water Supply for the city since he was summarily removed from that post on February 13, 1957.

Came Over Political Dinner
It has been Murphy's contention that although he was reinstated to his Civil Service position of Principal Attorney at \$13,400, at that time he was given no new assignments. He had been originally suspended pending an inquiry into allegations arising out of sale of \$100 a plate tickets to a political dinner. The investigation exonerated him from any connection with the allegations and he was reinstated. However, he was not given any new assignments, he alleged.

In the papers filed in Supreme Court, New York County, which resulted in the payment by the Comptroller of \$4,299.08, Murphy alleged that beginning in June 1959 he was directed to report to the New York office of the Corporation Counsel on more than 150 occasions until April 1961.

Murphy said his allowances for expenses incurred for mileage, tolls and meals totaled \$4,299.08. For two years Murphy alleges the city delayed payment of vouchers in which he detailed these expenses, although the vouchers had been approved by the office of the corporation counsel.

On January 3, 1961, Murphy commenced a mandamus proceeding to direct the Board of Water Supply and Comptroller to honor the vouchers.

Claims It Was Scheme

The city sought to require Murphy to refer his trips to New York to "specific assignments." This he pointed out to the court he was unable to do because all parties to the proceedings were well aware that he had been given no new assignment since February 13, 1957.

It has been Murphy's contention that orders requiring him to report to the New York office, without any duties, were given as part of a continuous effort to force him to resign by the device of creating expenses which he could not afford.

The initial mandamus action was decided in Murphy's favor by Judge Gavanagh who held Murphy was an assistant corporation counsel of the City of New York and head of the Division of Water Supply in the Law Department. That Court held he was entitled to reimbursement.

Sticks to Former Decision

Notwithstanding this decision, the city stopped payment of the balance of his expenses submitted subsequent to April 5, 1961. Another mandamus proceeding was instituted and Madame Justice Birdie Amsterdam held the previous decision had determined the matter and there were no new issues raised before her.

No appeal was taken from either of the action by the City of New York and based on Justice Amsterdam's decision the claim was approved and the Comptroller on November 13, 1961, paid the full amount of Murphy's claim.

New Paltz. The Rev. Willett Porter will conduct the morning devotion. The women of the local church will serve a luncheon for the group at 12:30 p. m. in the social hall.

Youth Fellowships

Re-organizational meetings of the junior high and senior high youth fellowships of the New Paltz Methodist Parish will be held Sunday 7 p. m. in the New Paltz Church. Myron Ronk will meet with the junior high MYF and the Rev. Mr. Porter will meet with the Senior High MYF. All young people of the parish may attend.

Public Health Nursing Group Moves to Create Blood Bank

The Woodstock Public Health Nursing Committee held an open meeting last Wednesday night for the purpose of organizing the formation of a Woodstock Blood Bank.

The Nursing Committee had contacted all sizeable organizations in Woodstock and urged their attendance so that representatives could return to their groups and explain the requirements for a Blood Bank, and ask the support of their respective organizations.

Though representation was comparatively small, Mrs. Breitenstein of Fire Auxiliary No. 1 and Wayne Underhill of the American Legion expressed interest and stated they would contact their groups and seek their aid.

The Woodstock Public Health Nursing Committee felt that due to their relatively small membership and lack of Township representation, the formation of a Blood Bank could not be adequately handled by them, but would have to be fostered by a larger, more representative group. Toward this end, both the Woodstock American Legion and the township fire companies seemed excellent choices to those present and both these organizations would be asked to consider the endeavor.

Outlines Procedure

Mrs. Mary K. Wiseman of the

Kingston Laboratory Blood Bank spoke on the procedure of forming a bank and stated that the laboratory would provide a mobile unit for donations in Woodstock. A given date would have to be set, but the Woodstock bank would have to consider also if the bank is to provide for summer residents as well as year round. The summer residents who live in New York or elsewhere could easily deplete the bank's supply. Without a bank or the assurance of replacement of blood the cost per pint is \$27.00.

Those who are unable to return the blood themselves must secure other donors at the rate of two pints for every one of the first 9 pints, after this the ratio is one for one.

The Woodstock Public Health Nursing Committee is contacting the Shandaken Blood Bank, the Saugerties Blood Bank which is managed by the Veterans of Foreign War and the New Paltz Blood Bank, managed by the American Legion in that district.

After preliminary information is gained and other local organizations are informed of the desirability and need for a Woodstock Blood Bank, it is hoped that one of the larger organizations in Woodstock will organize donors and complete the undertaking.

Crack OCS Marching Band Plays at Springfield Game

The sound of Catskill Mountain marching music will be coming from the football stadium at Springfield College in Springfield, Mass., on Saturday when Springfield plays Hofstra College.

A Springfield staff committee, composed of Mrs. Diane Babbitt, instructor of Physical Education and director of the women's drill team; Gil Vickers, director of music and Edward Steitz, director of athletics, has selected and invited Oontona Central School's well known marching band to perform during the halftime.

In selecting the Oontona band, the committee has chosen one of the finest high school musical organizations on the eastern coast. Oontona's "Music Man," Harry Simon has been director of the band since the central building was opened in 1952. New York State School Music Association judges have regularly awarded the Oontona band their highest rating.

Has 70 Students

Simon's band is composed of 70 students in grades 9 through 12. The turnover in band personnel, therefore, is great. However, the band has not yet failed to win the coveted NYSSMA competitions.

A graduate of Fredonia State Teachers College, Simon's demands for musical perfection are regularly exhibited throughout the Hudson valley. The annual spring concert for the music department is usually highlighted by this same marching band which is seated for symphonic arrangements.

The musical organization is accompanied by a color guard of nine girls smartly attired in white satin and gold braid. A bevy of 14 girls trained in the science of baton twirling also marches with the band. The entire marching show is a product of the genius of Mrs. Barbara Jordan, a member of the physical education staff at Oontona. A former member of the Springfield College Women's Drill Team, Mrs. Jordan is responsible for the planning and execution of the intricate maneuvers which have been entertaining and fascinating spectators in the Hudson Valley this fall.

During November, which has been designated as Scholarship Month, the Oontona Parent-Teachers Association is sponsoring a drive for funds which will be used to help three deserving Oontona High school seniors to continue their education at the college of their choice.

The scholarships which will be awarded on a competitive basis, will consist of two general purpose scholarships and a third special award which will be given to a member of the Class of 1962 that plans to enter the teaching profession.

John C. Larson, chairman of the Scholarship Committee, announced that at the end of the first week of the campaign more than 30 donations had been received. He is confident that during the next two weeks the re-

sponse will be more than adequate to carry on the scholarship program.

A letter outlining the program's goal and soliciting support was mailed to members of the Oontona School District early this month. This is a project that deserves your support. Its success or failure depends on the interest and generosity of the people in the district. All persons who have not yet sent in contributions are asked to do so at the earliest convenient date. No donation is too small.

Contributions should be made to the Oontona Parent-Teachers Association, Scholarship Fund and mailed to the Oontona P-T-A, P. O. Box 15, Boiceville, N. Y.

Change in Time

The special Thanksgiving Day services at First Church of Christ Scientist in Woodstock will be held at 11 a. m. on Thursday, Nov. 23, instead of 10:30 a. m. as previously announced.

State Trooper Crushed Between 2 Cars on Rte 9G

A trooper of Rhinebeck state police station was injured this morning on Route 9G near East Park when crushed between two parked cars—one of them his troop car—by a third vehicle whose driver said he failed to see the two vehicles on the shoulder of the highway.

Trooper Carl Carlberg, 25 of Monticello is reported resting comfortably at St. Francis Hospital, Poughkeepsie at press time today. Investigating troopers said he suffered a fractured leg. Sgt. Walter Donegan and Lieut. Samuel Crodele, who investigated said Trooper Carlberg had stopped a car operated by Peter Rogers of Hudson on a motor vehicle violation. He parked the troop car behind the Rogers vehicle on the west shoulder of the highway and was standing between the two checking the license number of the Rogers car when a third car proceeding south on Route 9G was in collision with the left rear of the troop car pushing it into the Rogers vehicle, the investigators said.

Gerard A. Goulet of Hyde Park, operator of the third car was arrested for reckless driving and arraigned before a Town of Hyde Park Justice of the peace. The disposition was not known at press time.

Trooper William Urey, who was in the troop car at the time called an ambulance to the scene.

Wonderful for tea: thinly sliced date-and-nut bread spread with cream cheese that has been mixed with grated orange rind.

Edward W. Coady Dies, Was Early Navy Submariner

Lieutenant Commander Edward W. Coady, USN, (ret.), of 286 Flatbush Avenue, a pioneer in submarine craft, died today in this city. He was 77 years old.

A veteran of 56 years of military and civilian service with the U. S. Navy, Commander Coady had made his home in Kingston since 1952 when he was assigned to the Hiltabrant Dry Dock Inc., as supervisor of ship building for the navy. When the contract expired he retired and made his home here.

His navy career began at the age of 14 when he served as an "apprentice boy" on training ships U. S. Constellation, Vermont and Topeka. In those days sailing ships were all the navy had, and an apprentice boy, an enlistee under 21 years of age, was paid 50 cents per month.

Was Spanish War Vet

Prior to being assigned to sub-

EDWARD W. COADY

marine duty in 1905, Coady served aboard the U.S.S. Brooklyn during the Spanish American War.

Coady first came to Kingston aboard the U.S.S. Cuttlefish in 1908, when three subs were assigned to deliver the body of George Clinton, New York State's first governor for burial in Old Dutch Church yard. The three underwater craft arrived at Kingston Point and were greeted with much local skepticism. There were few submarines in the Navy at that time and even other naval officers had not been allowed aboard the vessels. While here, the subs were opened for public inspection and made numerous dives just to prove they could.

In 1909, as the oldest living retired submarine officer in the U. S. Navy, Commander Coady was guest aboard the fleet type submarine Conger on its cruise from New London, Conn., to Kingston for Memorial Day festivities.

Surviving is his wife, the former Ann Lange. Funeral arrangements will be announced by the Jensen and Deegan Funeral Home, 15 Downs Street.

People Can't Guess

NEW YORK (AP)—Barbara Luna used to be bothered by people trying to guess her nationality. "It doesn't any more—I enjoy being different-looking," says the 23-year-old actress whose mother was Hungarian and father Filipino. Miss Luna began her career as the French-Polynesian daughter of Ezio Pinza in "South Pacific." Since then she has portrayed a Siamese in "The King and I," a Japanese geisha in "Teahouse of the August Moon" and a Puerto Rican in "West Side Story." Barbara is back at Polynesian portrayal in the film, "The Devil at 4 O'Clock," in which she performs opposite Frank Sinatra and Spencer Tracy. "I look forward to all the good exotic parties I can get," she says. "This way I never get typed."

Vandals Damage Building

Vandalism resulting in damage to lavatories at Kingman Park was noted by local police Wednesday. Sgt. Carl Janaszewicz and Officer Frank Slipp reported that doors were broken and other damage done in the building apparently some time after Monday when everything was reported in order there.

Calls Canal Tolls Burden to Canada

TORONTO (AP) —The general manager of the Great Lakes Waterways Development Association urges immediate removal of tolls on the Welland Canal. E. Rollo Mainguy said tolls on the St. Lawrence Seaway were a factor in increasing the price of goods in Canada and abroad, reducing Canadian imports and cutting business in Great Lakes Ports.

Mainguy, a former Canadian vice-admiral, said Wednesday the tolls were a major burden to Canada. While the dominion attempts to stimulate the tourist trade, he said, seaway tolls boost the cost to small pleasure craft using the waterway by \$30 per boat and \$7.50 per passenger.

Regional Planning Consultant Named

Guessing Game Is Slick Trick

By OSWALD JACOBY

Newspaper Enterprise Assn.

Another young pair likely to make their presence felt in the Houston tryouts consists of Harold Guiver of Los Angeles and Ron Van Der Porten of San Francisco.

Ron, sitting West, opened the deuce of spades against the rather ambitious three-no-trump contract. South held off until the third lead and then had to take his ace of spades. The nine of hearts was discarded from dummy.

South ran off his five diamond tricks and let go one of his

three small hearts. Harold let the three of hearts and his last two spades go, while Ron hung on to two hearts and three clubs.

The jack of clubs was played next and Harold covered with the king. Now all declarer had to do to make the hand was to play his ace and lead a second club, but declarer was not looking at all the cards. Harold had shown up with very little for his opening bid. Perhaps he held the king and queen of clubs and was false-carding.

Therefore, South let the king of clubs hold. Now Harold led a low club which South passed to dummy's ten. At least, he tried to pass it to dummy's ten, but Ron won the trick with the queen and led a heart to set the hand.

Of course, South could have made the hand against any defense. It just happened that Harold and Ron found the way to give him a guess and he went wrong.

Changes Ordered In Traffic Signs

Installation of two Stop signs in the Town of Esopus and one in the Town of Lloyd were included in orders issued by the New York State Traffic Commission, it was announced today by William S. Hults, chairman.

The Commission ordered stop signs on Union Center Road and the northerly intersection of Route 213 with Old Route 213 at Route 213, Town of Esopus. The orders also call for the installation of a Yield sign on Old Route 213 at the southerly intersection of Route 213, and replacement of a stop sign with a Yield sign on Salem Street at Route 213 in the same township.

The Commission ordered installation of a Stop sign on Riverside Road at Route 299, Town of Lloyd.

ANCIENT EGYPTIANS: This expression started with the ancient Egyptians. Court trials were held in the dark so that the judge would not "take pity" on a particularly good-looking defendant.

ANGUISH OVER ALBANIA—Small, mountainous, 10,600-square-mile Albania (slightly larger than Maryland) is the target of renewed verbal attacks by its onetime Communist big brother, Russia. Albanian leaders, headed by strongman Enver Hoxha, have been accused of clinging to Stalinist philosophies, which went out of style when Khrushchev took over the U.S.S.R. But Albania has a strong friend in Red China, which also disputes Khrushchev's policy of peaceful coexistence with the West. Newsmap traces main events in Albania's history. The country lies between independently Communist Yugoslavia and democratic Greece. Two-thirds of its 1.6 million people are Moslems.

Hard to Capture in Words

Four Books Attempt Biography on Gable

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—Clark Gable, who died a year ago today, already is the subject of four printed biographies.

The authors are his widow, his ex-secretary and two professional biographers.

Too Personal Maybe

"Clark Gable — A Personal Portrait" (Prentice-Hall, \$3.95) bears the by-line of Kathleen Gable, last of the star's five wives. It is indeed personal, perhaps too much so for some readers. Others will find it rewarding for a view of Gable's final years.

The tone is set on the first page: "I needed all of Clark's courage and strength that night I left his hospital room for the last time. They had told me he was gone. But, of course, I tried to hold onto him. Heartstricken,

I wouldn't let go. For two hours I held him in my arms.

"Finally, I did what my husband would have expected me to do—I faced up to it. Pa was gone. I touched his cold face with my hand, in a last farewell, and I walked out of the room."

Intimate View

Another intimate view is offered in "Dear Mr. G—" (Little, Brown, \$4.95) by Jean Garceau with Inez Cocke. Miss Garceau was employed by Gable for 21 years, and her book proves that a man can be a hero to his own secretary.

She had been Carole Lombard's secretary, and it is in the Lombard marriage to Gable that she is most illuminating:

"Clark's bedroom was done in beige and brown, with quilted beige wallpaper, a large green couch and attractive green chintz curtains.

"The bed was of brown tufted leather. He had bookcases built

around the desk and a dictionary stand installed. Clark never tried to hide his lack of formal education. 'I'm just a guy trying to learn,' he'd say."

"The King: The Story of Clark Gable" (Coward-McCann, \$4.95) is the work of Charles Samuels, as-told-to author of the excellent memoir of Ethel Waters. Already serialized, the Gable book is to be published in January.

Takes Objective Line

Samuels takes a more external and perhaps more objective view of Gable. Much of the book is necessarily twice-told tales. But there are also some disclosures that may surprise readers.

Among them: That Gable was a close man with a buck; that he was estranged from his father for many years; that he hated the "Adventure" ad line; "Gable's back and Garson's got him"; that he was obsessed with cleanliness. "Clark Gable" (Pyramid, 50

cents) is a workmanlike job by newspaperman George Carpozi Jr. of the major events of the actor's life.

These and the multitude of other accounts of Gable's life make him seem strangely distant on this anniversary of his death. The facts are there, but where is the man?

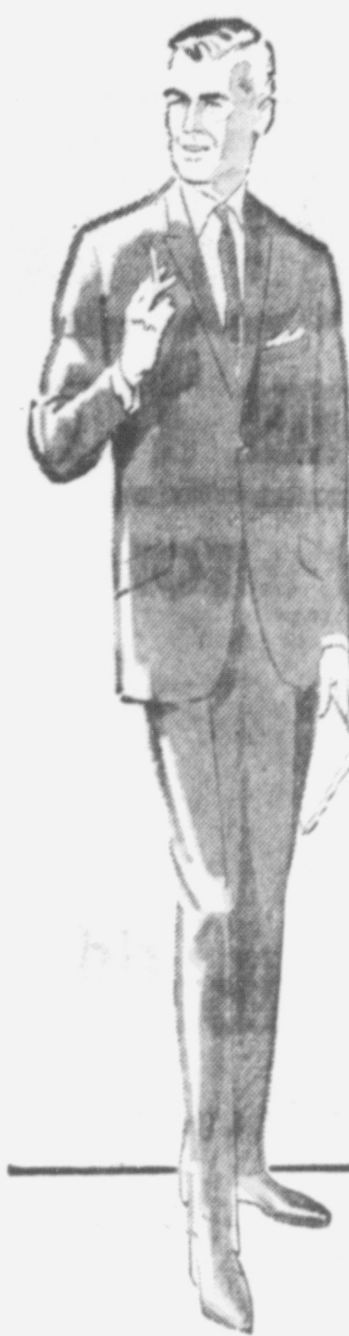

The fact remains that Gable was and is hard to capture in words. His set-jaw look and his crackling voice were known by everyone, but few claimed to understand him. Even close friends —there were few — admitted he was an enigma.

Keating Fighting To Legalize Use Of Phone Evidence

SYRACUSE, N. Y. (AP) — The furor over a federal ban on wiretap evidence "should give great impetus" to legislation that would make such evidence legal in state courts, a Republican senator maintains.

Sen. Kenneth B. Keating said "the telephone serves as a privileged sanctuary for the criminal elements" under the present interpretation of the Federal Communications Act.

Dist. Atty. Frank S. Hogan of Manhattan dropped prosecution of narcotics charges against seven men in New York because of the ban.

In Syracuse, however, a county judge ruled wiretaps were admissible as evidence in the trial of four persons accused of conspiring to operate a multimillion dollar international narcotics ring.

Keating told The Associated

Press he would urge passage of his bill to legalize wiretap evidence in state courts, despite the federal ban.

The bill, which failed to reach the floor during the recent session of Congress, would stipulate compliance with state laws and prior court permission to make wiretaps.

The present federal act, in addition to banning wire taps, makes it illegal to divulge the contents of taped conversations. Federal Courts have held that the ban applied even when local prosecutors obtained court orders for the taps.

Keating, who said his bill had the backing of local prosecutors across the nation, was in Syracuse Wednesday for speeches at the Syracuse Press Club and Le Moyne College.

Car Crushes Mechanic

SPRINGFIELD CENTER, N.Y. (AP) — A 75-year-old mechanic was crushed to death Wednesday when an automobile fell on him at his home near this Otsego county Community.

Francis Bowen was working beneath the automobile when it slipped from its supports.

Catholic Bishops Clothing Drive Begins on Sunday

The 13th annual Bishop's Thanksgiving Clothing Collection will open in all Catholic parishes in Ulster County Sunday, Nov. 19 with an envelope collection and continue for the remainder of the week with parish centers staffed to receive donations of used clothing for the needy overseas.

In last year's appeal Catholic parishes in Ulster County contributed 28,892 pounds of clothing, shoes and blankets. Nationally the total was 15 million pounds.

The greatest need this year, Msgr. Frederick A. Nolan, director of the appeal for the New York Archdiocese, states, is for men's clothing — suits, pants, skirts, workclothes and work shoes. Also, there is urgent need for blankets, quilts and coverlets of all kinds; infant's layettes and children's clothing. Msgr. Nolan stresses, however, that any practical garment or usable pair of shoes will be appreciated.

The Collection will benefit refugees and native poor in some 48 countries of Europe, Asia, Africa, the Near and Far East and South

GOLDEN EGG — This "Cross of St. George" Easter egg was made in 1916 for Nicholas II, last of the Russian czars, by the famous goldsmith Faberge. Of pale green enamel, it bears a crisscross design of laurel leaves. Miniatures of St. George and the dragon grace center of cross. Sotheby's of London is selling it.

America. Directing the Thanksgiving Collection in Ulster County are Right Rev. Msgr. Daniel J. Shea, chairman, and the Rev. Thomas Cahill.

A Boor Is a Boor Is a... And Women Qualify, Too

No woman is attractive when: ● She is yanking a small child along by one arm and glaring at him as she bawls him out.

● She is cutting another woman down to size when the other woman isn't around to defend herself.

● She ventures outside her home with her hair in pin curls or on rollers. (Even a scarf tied over the curls doesn't improve matters much.)

● One drink too many has convinced her that she is the life of the party.

● She is so busy trying not to miss anything that is going on around her that she doesn't really listen to or look at the person who is talking to her.

● She is doing her best to impress someone.

● She is being difficult and hard to please, under the illusion that such behavior will mark her as a person who is accustomed only to the best.

● She is giving a new acquaintance a cold, calculating stare and asking pointed ques-

tions to find out if the person is worth turning on the charm for.

● She is setting forth her ideas and opinions in such a positive, overbearing manner that a conversation turns into a harangue.

● Her voice grows louder and louder as she attempts to drown out everyone else so that she can hold the center of the stage.

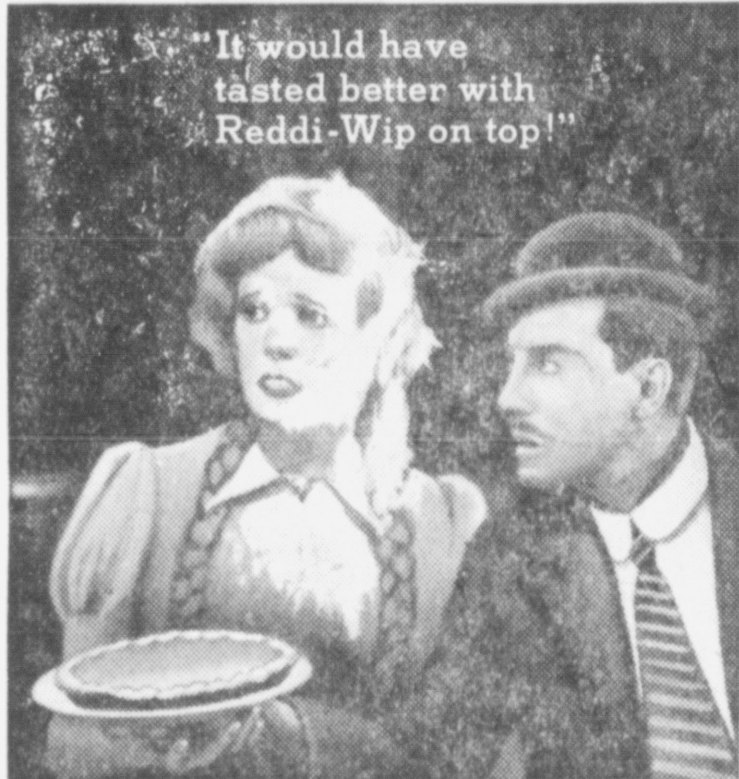

● She is being catty and showing her claws in a voice that positively purrs.

● She is calling attention to her virtues.

DeWitt Leaving Today for 69th S&L Convention

Dewese W. DeWitt, executive vice president of First Federal Savings and Loan Association, left today to attend the 69 annual convention of the U. S. Savings and Loan League at the Palmer House in Chicago. It is expected that there will be delegates from all 50 states and Porto Rico.

In addition to talks by the leaders of the industry the convention also will be addressed by U. S. Senator Vance Hartke of Indiana and Admiral Arleigh A. Burke, USN, Retired. The delegates also will see the Premiere showing of the League's newest color movie, What You Should Know Before You Buy a Home.

DeWitt is a member of the committee on branch operations and will take part in a panel discussion on branch problems at the meeting Saturday morning.

Mrs. DeWitt will accompany her husband and will participate in the many and varied programs arranged especially for the ladies of the convention.

The convention opens Friday and concludes Tuesday.

Appointment of Willis Proctor, a former Dutchess County resident, as administrative officer of the State Conservation Department, was announced today by Commissioner Harold G. Wilm.

His salary will be \$13,711.

Proctor will take office today. He replaces the late Robert McAmmond.

Proctor attended Arlington High School, and is a graduate of Siena College in Loudonville with a B. A. degree in accounting. He earned his master's degree in government administration at Syracuse University in 1959.

A career employee in State government since 1937, he has held administrative positions in the Division of Placement and Unemployment Insurance in the State Labor Department, and was also director of the Office of Hospital Business Management in the State Health Department. At one time, he served as business manager of the Herman M. Biggs Memorial Hospital in Ithaca.

Since 1960, Proctor has served as administrative finance officer with the State Motor Vehicle Department.

He resides with his wife Edna and two daughters at 647 New Scotland Avenue, Albany.

Appearance Deceiving

TULSA, Okla. (AP) — The grandmother of fourth grader Jean Jameson asked her one morning if she was ready for school. The youngster replied, "I am on the outside but not on the inside."

A thousand years before Christ, King Nestor was living in "modern" comfort. Archaeologists uncovered his palace near Pylos, Greece and found it equipped with all the conveniences. Among them was a built-in bathtub beautifully decorated inside and out, complete with drain. A wine cup lying on the floor of the tub indicated that this king of the ancients bathed and wineed all at the same time.

Scout Roundup Results in 204 Members Signing

The current "Strengthen America Roundup" of the Rip Van Winkle Council Boy Scouts of America has resulted in 204 new members in the area according to Clifford A. Henze, Hurley, Council president.

Boys throughout Ulster and Greene Counties area are responding to the opportunity to join Cub Scout packs, Boy Scout troops, and Explorer units in their communities, according to Henze. They are visiting Scout unit open houses, going along as guests on hikes and trips, and applying for membership.

The "roundup" membership drive now being carried out by the council is a result of the recent increase of interest in Scouting by boys in the area. The more than 100 Cub Scout packs, Boy Scout troops, Explorer posts, ships and squadrons served by the Rip Van Winkle Council are holding special events under the "Strengthen America Character Counts" slogan and opening their ranks to new members.

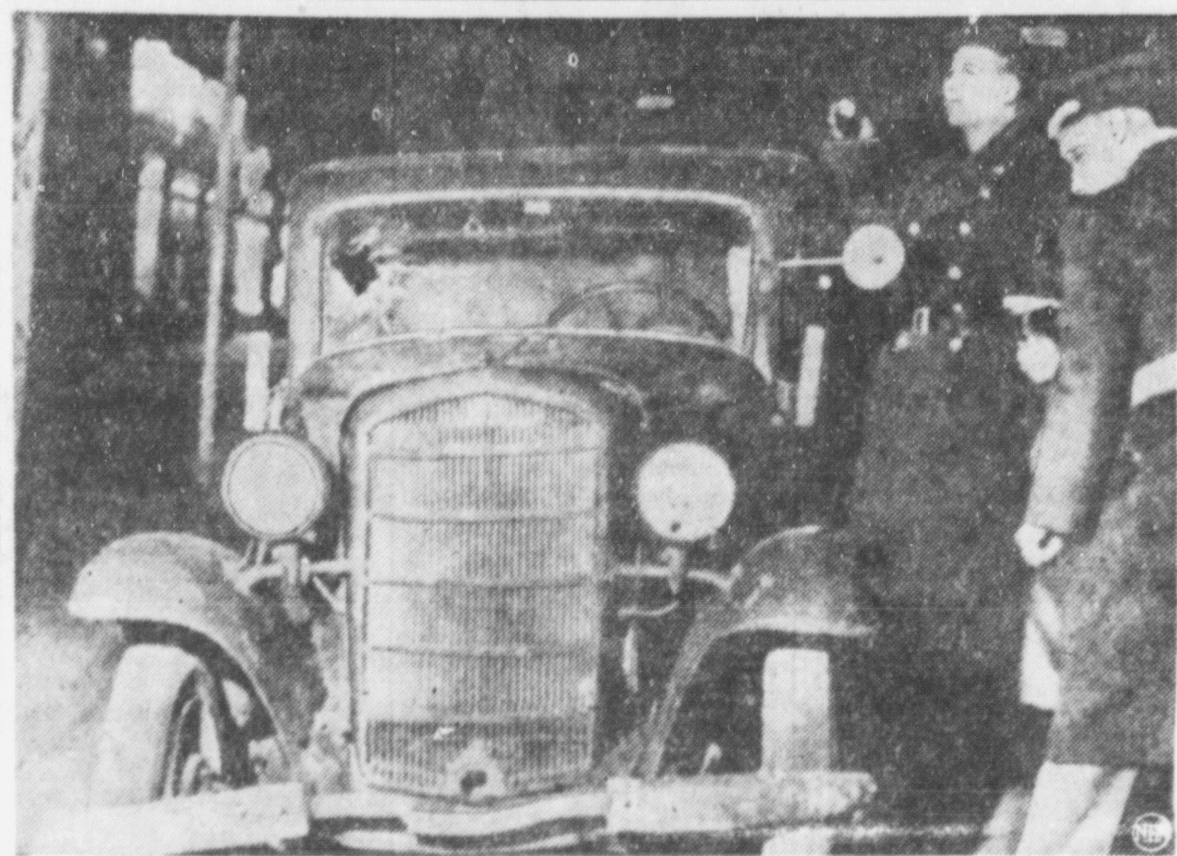

The "roundup" which began in October, will climax in December, according to Henze, as the new members are inducted in special ceremonies with their parents attending.

The "roundup" is expected to add at least 500 boys to the area's Scouting membership. Parents interested in Scouting for their sons can find out locations of nearby units and roundup plans by reaching the council office at 260 Fair Street, Kingston.

\$80 Million Worth

HARRISBURG (AP)—Republican State Chairman George I. Bloom claims Democrats have added so many employees to the state payroll since 1953, that state government costs have increased by \$80 million a year.

The number of salaried and per diem (paid by the day) state employees has jumped from 60,000 to 80,000 since 1955 when George M. Leader became the first Democratic governor of Pennsylvania in 20 years. Bloom declared Wednesday in a statement.

BREAKTHROUGH IN BERLIN—West Berlin customs guards examine an old-model automobile which was riddled with 100 Communist

bullets when five East Germans used it to escape into West Berlin. The old flivver had been reinforced with steel plates.

Farmers Ask Repeal Of School Program Law

YORK, Pa. (AP)—The Pennsylvania Farmers Association was officially on record today proposing repeal of the state's controversial school reorganization law.

In a resolution adopted Wednesday, delegates to the association's 11th annual conference viewed the law as a move "toward the ultimate takeover of all school districts" by state or federal governments.

By taking this action, the farmers' group joined with many other organizations—in opposing the powerful Pennsylvania School Directors Association—in opposing the reorganization program, passed in the 1961 session of the state legislature and approved by Gov. Lawrence.

The law calls for meshing the state's 2,185 school districts into fewer, but larger units, by July 1965.

Another key resolution approved by the farmers association called for the state to assign persons on relief to public work.

MOURNS DEAD BROTHER—Robert Anderson holds the hand of his dead brother, John C. Anderson, 22, moments after the victim's car went out of control and smashed up in Minneapolis. Sharing the brother's grief is an unidentified girl friend of the pair. The car, in which John Anderson was riding alone, rolled more than 150 feet after apparently failing to negotiate a turn. Hole in the Line

LOS ANGELES (NEA)—Before the running of the Garden State Stakes in Camden, N. J., for which his Donut King was co-favorite, owner Verne Winchell Jr., who operates a chain of doughnut shops in Los Angeles, made a statement.

"If my colt wins, the holes in the doughnuts will get smaller," Winchell is reported to have said. "If he loses, they'll get bigger."

Donut King ran second in the world's richest race but when Winchell learned his share of the purse would be more than \$60,000, he reportedly gave orders not to change the size of the holes after all.

Set Installations For Odd Fellows Lodges in County

Paul W. Rowe of Bearsville, new district deputy grand master of Ulster District IOOF, today announced the dates for the annual installation of officers in the seven Odd Fellows lodges in the district.

District Deputy Rowe and staff will open the induction program Tuesday, Jan. 2, at Catskill Mt. Lodge 487, West Saugerties. They will install the officers of Aretas Lodge, 172 in Kingston Wednesday, Jan. 3.

Ceremonies will be held Tuesday, Jan. 9 at Phoenix Lodge, 154; at William H. Raymond Lodge, 59 Saugerties on Monday, Jan. 15; at Sunshine Lodge, 929, Highland on Thursday, Jan. 18; at Shokan Lodge, 491, Olive Bridge on Saturday, Jan. 20 and at Bearsville Lodge, 533 on Tuesday, Jan. 23.

All ceremonies will begin at 8 p. m. except at Bearsville, where they will start at 7:30 p. m. Bearsville, where they will start at 7:30 p. m. Bearsville is the home lodge of District Deputy Rowe and staff.

The staff includes: George W. Eichler, DD Grand Marshal; Aaron Gray, DD Grand Warden; Jack Lettel, DD Grand Secretary; Maurice F. Hamilton, DD Grand Secretary; Maurice F. Hamilton, DD Grand Financial Secretary; George H. Laws, DD Grand Treasurer; Edgar T. Baker, DD Grand Chaplain and John Peper, DD Grand Guardian.

Chicago has plenty of reasons for being the "Windy City." It sits between a big lake and a vast plain—both fine places for winds. Yet, Chicago is "becalmed" compared to some other U.S. cities. According to weather bureau records, the gusts blow more stoutly in such cities as New York, Boston, Cheyenne, Miami, Norfolk, St. Louis, and Wichita, than in the original "Windy City."

Catskill Budget Jumps by \$26,459

The Town of Catskill budget for 1962 has been set at \$217,321, it has been announced by the town board.

The figure is \$26,459.37 more than the current budget and \$129,908.50 of it must be raised by taxes.

The bulk of the increase is accounted for by a rise in the highway budget to \$73,198.

Mack Truck Firm, Workers Cease Talks

NEW YORK (AP)—Talks between Mack Trucks Inc. and the striking United Auto Workers have been recessed indefinitely with no settlement of a walkout at three of the firm's plants.

A company spokesman said Wednesday night there was "no constructive purpose in continuing meetings with the union, since it is obvious that the union has no real desire to reach a settlement which would ensure a new agreement and immediate resumption of production."

The previous contract expired Oct. 20. On Oct. 26, the union struck plants in Allentown, Pa., Cortland, N.Y., and Bridgewater, N.J.

Issues include the right of workers to transfer with their jobs when a plant is moved.

E. A. Lewis, Mack's vice president for industrial relations, said the company had submitted previously discussed contract proposals in writing. These, he said, included an inter-plant transfer agreement and economic provisions, with money and fringe benefit proposals generally based on General Motors, Ford, and International Harvester agreements. Union comment was not available.

UPSET VICTOR—Democrat Richard J. Hughes is the governor-elect of New Jersey. The 52-year-old Trenton attorney defeated James P. Mitchell in a close race.

Fired for Smoke Test

SACRAMENTO, Calif. (AP)—Substitute teacher Ernest Bury, 30, thought the most scientific way to demonstrate the evils of tobacco to eight graders would be to let them puff a cigarette.

Bury, who doesn't smoke, borrowed a cigarette from a student at Jonas Saik School and suggested each child take a puff.

About half the class of 30 tried it. One girl got queasy and complained to the principal, who called the superintendent, Fred J. Kiesel. He fired Bury.

Refusal Cost \$500

LOUISVILLE, Ky. (AP)—When the government offered a Hardinsburg couple \$17,500 for about 90 acres of their land, they went to court. It cost them \$500.

A federal district court jury Wednesday awarded Mr. and Mrs. Leroy Jarboe \$17,000 for the land, needed by the federal government for use in construction of the Rough River reservoir flood control project.

Along Capitol Corridors

By MICHAEL KEATING

ALBANY, N. Y. (AP) — The Republican leadership plans no changes in public welfare administration during the next session of the Legislature, despite the continuing public interest and debate over the issue.

The formal reason given is that any revision in the program must await recommendations of a special state commission appointed by Gov. Rockefeller last August.

That commission is only now being organized.

Could Stir Suspicion

Most observers suspect that one of the prime considerations for delay in tackling the welfare problem is that whatever action the 1962 Legislature takes will weigh heavily in the election campaign next fall. Rockefeller will be up for reelection.

Any major changes in the state's welfare program undoubtedly would stir up many partisan voters.

It could become the No. 1 election issue. Politically, it is regarded as unwise for an incumbent to initiate controversy in an election year.

The legislative leaders have endorsed the governor's plan.

Face Committee End

Unless this policy is changed, welfare bills introduced by rank-and-file legislators will die in Senate and Assembly committees.

Union Services Set by Shokan Area Churches

The Reformed Churches of Mt. Tremper and Shokan and the Reservoir Methodist Churches will unite for their 10 a. m. annual Thanksgiving service at the West Hurley Church. The voices of five church choirs will be directed by Mrs. C. A. Nussbaum, with Mrs. Marcus Haines as organist.

The informal service will be led by host pastor the Rev. William Hunter. Guest pastor the Rev. Osterhout Phillips will preach the sermon.

Sunday services at the Methodist Churches will be West Hurley 11 a. m.; Glenford, 12:30 p. m.; Holy Communion; Ashokan, 9:30 a. m. Members will present their Stewardship offering folders at the altar during the worship services.

Meetings this week include: Thursday, Nov. 16, Ashokan Dorcas Circle, 10 a. m. at the home of Mrs. Sophia Wierse; West Hurley Junior choir, 7 p. m., senior choir, 8 p. m.; Glenford choir, 9 p. m. Weekday church school, 2:20 p. m. Wesley Chapel, West Hurley.

Friday, Nov. 17, Ashokan Junior choir, 7:30 p. m., followed by Methodist Youth Fellowship.

Monday, Nov. 20, Ashokan official board, 7:30 p. m.; Glenford communion on stewardship and finance, 8 p. m., church hall.

Mt. Marion

MT. MARION—The annual Christmas bazaar and supper will be held at the Plattekill Reformed Church, Mt. Marion, Saturday beginning 3 p. m. Supper will be served at 5:30 p. m.

Mr. and Mrs. Victor Haslam and family spent Sunday at Brooklyn.

Mrs. Dominic Greco is reported ill.

Sweet Potato Pie for Thanksgiving

By GAYNOR MADDOX

Newspaper Enterprise Assn.

Sweet potatoes in a Thanksgiving pie, as a switch from pumpkin, might be a welcome surprise for your family. The crust is crisp and has the extra nutty flavor of oats, and on top of the pie are dollops of sweetened whipped cream.

Sweet Tater Pie (Makes one 9-inch pie)

Pie Crust:

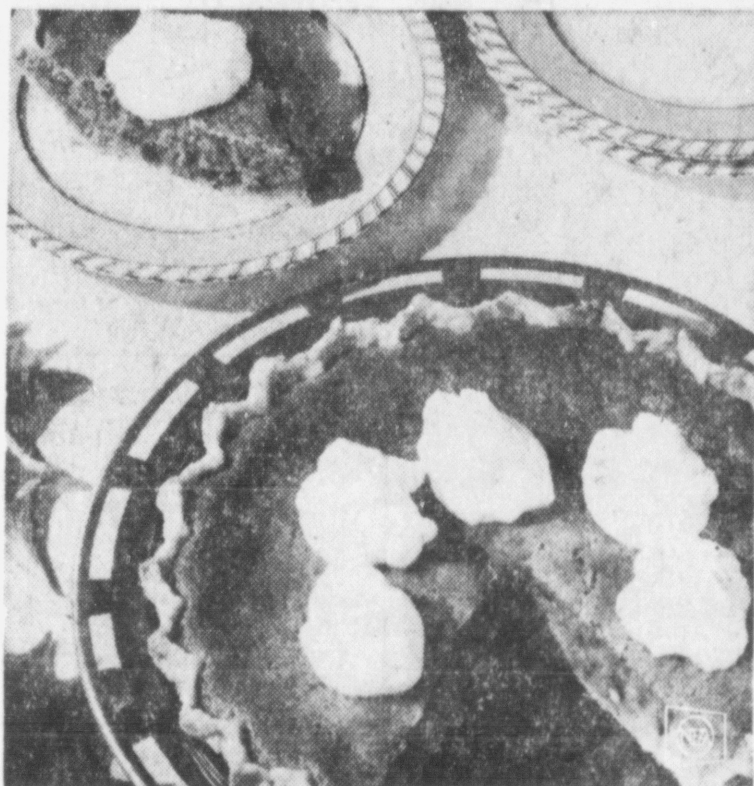

3/4 cup sifted all-purpose flour
1/2 cup milk
1/3 cup shortening
1/2 cup rolled oats (quick or old-fashioned, uncooked)
3 to 4 tablespoons cold water

Filling:

3 eggs
2/3 cup sugar
1 1/2 cup mashed sweet potatoes
1/2 cup milk
1/2 teaspoon salt
1/4 teaspoon nutmeg
1/2 teaspoon cinnamon
1/2 cup chopped nutmeats

Sweetened whipped cream

Heat oven to hot (425 degrees F.). For pie crust, sift together flour and salt. Cut in shortening until mixture resembles coarse crumbs; add oats; mix lightly. Add water, a tablespoon at a time, stirring until pastry can be formed into ball. Turn out on lightly floured board or canvas. Roll dough to form 13-inch circle; fit loosely into 9-inch pie

SEASONAL switch for Thanksgiving dessert is a pie made with sweet potatoes in the filling in place of pumpkin.

plate. Fold edge under; flute. For filling, beat eggs until thick and lemon colored. Add sugar, a little at a time, beating well after each addition. Add remaining ingredients; mix thoroughly. Pour filling into unbaked

pie shell. Bake in preheated oven (425 degrees F.) 10 minutes. Reduce heat to moderate (350 degrees F.). Bake an additional 30 to 35 minutes. Cool. Garnish with sweetened whipped cream just before serving.

Blue Shield Is To Reformulate Its Fee Schedule

ROCHESTER, N.Y. (AP) — An executive of Blue Shield says the company will give careful consideration to a proposal to conduct a thorough study and reformulate its fee schedule.

Afton S. Dodge, president of the Genesee Valley Medical Care Inc., which administers Blue Shield in a six-county area in West-Central New York, said the company board had been "deeply concerned" with the establishment of a proper fee schedule for physicians.

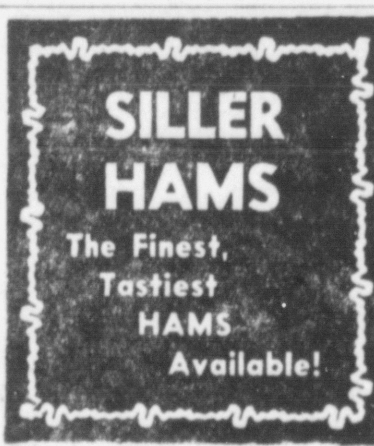

The study was suggested by Dr. Robert P. Burton, president of the

Rochester Society of Internal Medicine at the hearing. Burton charged that the fee structure contained "serious inequities" and was based on faulty criteria.

Burton told the hearing that the society would support the rate increase on two conditions. One called for the study and reformulation. The other was that the boost of from 68 cents to \$1.60 in monthly premiums, effective Feb. 1 be authorized only until the study is completed and a new schedule prepared.

Dodge said the company had sought a rate boost in 1959 but the request was rejected. He said the company had not been granted an increase in 10 years during which time he said, costs and payments had jumped by 63 per cent.

Heat equal parts of tomato juice and clam juice for a before-dinner drink. Serve in mugs with cheese-spread crackers.

Great Step Backward Follows Chaos of China's Leap Forward

INCENTIVE—A refugee farmer waters his vegetable crop in Hong Kong. Peasants on the mainland are being given private garden plots because the Communists have discovered the farmers will produce more food under this system.

MACAO (NEA)—There have been charges that Red China's government wanted to starve off millions of her people so that there would be fewer mouths to feed. But this year Peiping already has spent \$200 million of its shrunken treasury to buy about 5.7 million tons of foreign wheat, flour and other grains. This food, primarily from Australia and Canada, will provide 25 million persons with 2,000 calories a day for a year. Without this food, 10 to 20 million Chinese might have died.

Deep as China's trouble was early this year, it promises to be worse this winter because of another bad crop in '61, and a suspicious peasantry that won't be so easily enthused or driven by Communist exhortation next time. Having been given some concessions, the canny peasants, who have seen warlords come and go, may hold out for more concessions with a slowdown of deliveries.

The Red Chinese food situation is so critical that slowing up grain deliveries from the farms by two or three months can result in millions starving, says one American observer in the Far East.

The Red rulers already are taking steps to meet the crisis.

First they're negotiating with Australia and Canada for another six to eight million tons of wheat for delivery starting in January. That will keep 30 million persons alive for a year—60 million until the new harvest comes in next May. They'll need half a billion dollars in cash or credit to pay for this grain—plus another \$125 million that remains unpaid for this year's purchases.

Red Chinese have been in Canada and Australia trying to get easier credit terms. Also, gold and silver bullion is being sold in London to finance these purchases. It probably came from old coin hoards confiscated from murdered landlords and liquidated businessmen in the early days of the revolution.

Second, the Communist bosses have abandoned almost everything about the agricultural commune except the name. (They might have gotten rid of that if Khrushchev had not ridiculed Mao's masterpiece in a scathing speech at Warsaw in which he gave four reasons why the communes were sure to fail. The Chinese press responded with a stinging four-point editorial citing the same reasons why the

communes would succeed. Khrushchev's round.)

The Great Step Backward—the Chinese double talk explanation—goes like this:

After forcing the peasants into communes (2,000 to 10,000 persons) on the grounds that they would have more efficient utilization of manpower, the authority has been given back to the production team (usually 10 to 20 families)—for the same reasons.

Private garden plots, abolished under the commune system, because "the commune can make wiser use of land and labor resources," are now given back to the peasants with the explanation they "will produce more food."

Pigs, which the communes tried to raise in large collective herds, because there would be "better management, less disease, and more production," are once more returned to private peasants. That's because the "peasant will take better care of them, will have less disease problems, and will raise more pigs."

Sideline occupations, which were discouraged on the grounds they smacked of "capitalism," are now encouraged because it is good to have "little free-dom within the large collective."

But what went sour—why is food so short? Why was the Great Step Backward necessary? There were several reasons:

Weather. Disastrous droughts in various sections cut yields three years in a row. One qualified observer thinks floods destroyed 60 per cent of the amateurishly engineered irrigation structures. (Three years ago, I saw millions of Chinese "volunteers" at work on these jerry-built dams, carrying baskets of dirt on shoulder poles.)

Lack of incentive. The peasants' land, their pigs, their private garden plots were taken from them. Although the communes promised to pay peasants wages based on performance, none of the commune workers I talked with had received anything except their food and cloth rations for the past three years of labor. The Communist edict "He who does not work does not eat!" keeps the sullen peasants at work in the rice fields. I talked with a mother holding a tiny 3-week-old baby, who said:

"They told me I had to go to the fields the day after I had my baby if I wanted my regular food rations." She escaped a week later.

Population is growing. Every day there are 40,000 new mouths to feed in Red China—12 to 15 million more a year. In 1948, the Red Chinese had 470 million people and 271 million acres of arable land. Today they have an estimated 700 million people and only 261 million acres of land.

Mismanagement. Bureaucrats wasted manpower on such silly practices as "plowing 10 feet deep" to outshine another commune. One farm admitted they planted rice so close they decreased their yields by 30 per cent. The bureaucrats bragged so much about the tractors they were going to get from Soviet and Chinese factories that the peasants stopped raising draft animals—but they ended up pulling the plows themselves.

Industrialization drive. The heading attempt to become a 20th Century industrial power overnight led to a tremendous diversion of manpower and materials that dislocated agriculture. For example:

"We lost some of our rice in the fields, because at harvest time our commune cadres had a campaign on to build 1,000 small steel furnaces and we went four days without sleep to do the job." This backyard steel campaign led to great losses of materials and labor fouled up transportation and netted nothing.

Fertilizer shortage. One big reason for America's record breaking crop yields in 1961 was application of 110 pounds of fer-

THE PRIVATE PIG—The first thing a refugee buys in Hong Kong or Macao is his own pig. Reds on the mainland are now permitting commune workers to raise pigs in an effort to increase livestock and fertilizer production.

tilizer per crop acre. China, according to the best estimates, had only 15 pounds of chemical fertilizer per acre. For 2,000 years the Chinese have used manure to replenish their fields. But Communist bureaucracy forbade peasants to raise private pigs and chickens. Result: 50 per cent less manure.

The Great Step Backward is the Communist answer to the chaos created by the Great Leap Forward. Is this enough to maintain the Communists in power, or is there the possibility of an overthrow? Practically no chance of unseating the Communists in the foreseeable future is the informed consensus, as I measure it. The candid view of a top American economist is:

"The Chinese rulers show signs that are not going to be as stupid getting themselves out of this mess, as they were getting into it."

FAYETTEVILLE, N.Y. (AP)—David Alderman, 19, of Fayetteville, was killed by electric shock Wednesday at a quarry in this community near Syracuse. Alderman, a construction worker, was working on a stone-carrying hopper when he was working in contact with a power line, police said.

New Administration Head for Conservation

ALBANY, N.Y. (AP)—Willis Proctor is the new administrative officer of the State Conservation Department.

Proctor, of Albany, succeeded Robert McAmmond Wednesday in the \$13,711-a-year job. McAmmond died earlier this year.

Commissioner of Conservation Harold G. Wilm announced the appointment of Proctor, formerly a finance officer with the State Motor Vehicle Department.

ASCS Committees, Delegates to Be Elected by Mail

E. M. Wood, chairman of the Ulster County Agricultural Stabilization and Conservation Service, 54 John Street, today announced that election of ASCS committeemen and delegates to the county convention will be held by mail this year.

Community ASCS committees are elected each year by farmers to serve as their representatives in carrying out duties assigned by the Secretary of Agriculture in connection with acreage allotments, marketing quotas, commodity loans, the Feed Grain program, the National Wool program, the Agricultural Conservation program, the Conservation Reserve program and farm storage facility loans.

Community committeemen met earlier this month and selected a slate of nominees whose names will be sent out to all farmers with complete instructions on November 17.

Ballots must be returned to 54 John Street in envelopes provided post marked no later than Nov. 28. Any farmer not receiving a ballot may obtain one by contacting the Ulster County ASCS Office, 54 John Street. Ballots will be tabulated by the county committee Dec. 1 and all questions of eligibility to vote and hold office will be settled by the county committee, subject to appeal to the state committee.

Morhouse Feels Chances are Good For GOP in 1962

ALBANY, N.Y. (AP)—The voters in last week's local elections showed a "decided preference" for Republican candidates, the GOP state chairman said today.

This augurs well for reelection next year of Gov. Rockefeller, Sen. Jacob K. Javits and Republican majorities in both houses of the Legislature, Chairman L. Judson Morhouse said in a statement.

Morhouse interpreted the results this way:

1. Republican majorities were elected to 50 of the state's 57 county boards of supervisors, a net gain for the GOP of three boards.

2. For the first time since 1955, there will be more Republican than Democratic mayors in the state, 27-26. (Eight cities changed from Republican to Democratic and eight vice versa, with the Republicans losing Rochester and gaining Buffalo.)

3. The GOP victory in Buffalo and the showing of Louis J. Lefkowitz who lost in the New York City mayoral race "indicate a resurgence of Republican strength."

Lefkowitz received more votes on the Republican line, 776,000, than any candidate ever did before, Morhouse said. Democratic mayor Robert F. Wagner was re-elected with a 402,000-vote plurality.

4. Republican majorities were elected to 33 city councils, a net gain of 1. This included the election of a GOP-controlled council in Utica for the first time since 1938.

Morhouse said this was the political lineup of the state's 62 mayors, and city councils and 37 boards of supervisors.

Mayors—27 Republican, 26 Democratic, 2 independent, 5 non-partisan and 2 no mayor. City Councils—33 Republican, 21 Democratic, 5 non-partisan, 3 tied. Boards of Supervisors—50 Republican, 4 Democratic, 3 tied.

Fallout Data, Insurance Topics

Volunteer Firemen to Meet Next Tuesday in Saugerties

A discussion and demonstration of fallout detection equipment and a plan for group insurance for volunteer firemen are two of the matters which will come before the November meeting of the Ulster County Volunteer Firemen's Association next Tuesday.

Meeting at Saugerties as guests of the Saugerties Fire Department, the session will be held in the Municipal Building. There will be no meeting during December and the January meeting will be as guests of the Esopus Fire Company.

Morris Nussbaum, speaking on behalf of Civil Defense, will demonstrate and discuss types of equipment used in detecting "fallout." This equipment, important in the event of nuclear attack, will be distributed at various points in the area and volunteer firemen should be

made familiar with its use.

A plan for group accident and death insurance which is available to members of fire companies, will be discussed by Lionel S. Frank, a past vice president of the Hudson Valley Volunteer Firemen's Association. This is added protection for a fireman who is injured at a fire. This type of coverage is obtainable through group insurance at a much lower rate than can be offered to individuals or members of individual companies.

Frank will explain the plan which can be had through the county association. Any fire commissioner or fire company official is welcome to attend the meeting and hear the proposed plan. The board of directors also will give a report at the meeting next Tuesday.

A schedule for meetings during the coming year will also be discussed and adopted.

Further Reports
In Assault Case
Expected Monday

Indicted by an Ulster County grand jury recently on a charge of second degree assault in connection with an incident at a Highland tavern on May 19, John Corrado, 36, of 14 Grant Street, Poughkeepsie, is slated to appear before County Judge Raymond J. Mino on Monday.

Corrado recently pleaded innocent to the indictment and Judge Mino adjourned the case for motions.

Corrado is accused of assault-

ing Frank M. O'Shea, a Poughkeepsie patrolman, who is still convalescing at his home from injuries suffered in the alleged fight.

Meanwhile, District Attorney David W. Corwin, New Paltz, said there is a possibility of a further indictment and arrest stemming from the grand jury investigation of the alleged fight which took place in the Cherry Hill Tavern, Route 9W, Highland.

Corwin said a number of sealed indictments were handed up in Ulster County court at the same time Corrado's indictment was reported. Corwin said identities of those named and the charges, must remain secret until the defendants are apprehended.

Emel Betros, of Poughkeepsie, is attorney for Corrado.

Long Island Man Is
Held for Car Theft

Eugene Theodore Provanzano, 40, of 245-5 27th Street, Astoria, Long Island, is being held at Ulster County jail today awaiting grand jury action in connection with a car theft in Wawarsing.

Provanzano was picked up in New York City and turned over to Investigators Charles Teelon and George Dana of the Ellenville Barracks on Wednesday. He was arraigned before Justice of Peace Frank Muller on a charge of grand larceny, second degree, waived examination and was sent to the county jail to await grand jury action.

YMCA News
Youth Department
Family Night Slated

YMCA Youth Department will hold the first of a series of Family Nights Saturday, it was announced by Leon I. Van Heusen, youth director.

A variety game program will start in the gymnasium under the direction of Physical Director Steve Orozco. Games will be programed so that all boy members, their parents and their sisters can participate. The swimming pool activities will be conducted by James Rundle, with other life guards. Special water games and stunts will be in order with the latter part of the swim being devoted to recreation and general swimming.

A new and special feature for Family Night will be the craft shop. Here all parents and others might participate in making a one night project under the guidance of Van Heusen and his craft assistants. Parents will also be given an opportunity to inspect craft work that boys have been making as well as see some of the Christmas gift projects that will be undertaken between now and the holidays.

Refreshments will be served throughout the evening under the direction of Mrs. Willis Locke, chairman of the parents committee. The second Family Night will be held during National YMCA Week, Saturday, Jan. 27.

Kingston YMCA is a member agency of the Ulster County Community Chest.

97 Warning Cards
On Night Parking

Saugerties Police Department Wednesday night issued 97 warning tickets to emphasize its overnight parking ban on village streets during the snow season.

Chief Arthur W. Richter said the overnight parking ban went into effect Wednesday to facilitate snow removal from the village streets. No parking will be permitted on the village streets during the hours of 3 a. m. to 7 a. m.

Car owners disregarding the warnings will receive summons for illegal parking, Chief Richter said.

Plea for Economics
WASHINGTON (AP) — A leading educator has entered a plea for more study of economics in high schools. Dr. Galen Jones, director of the Council for Advancement of Secondary Education, says less than 600,000 of the more than 10 million high school youngsters in the United States receive as much as one semester of economics. Broader study of economics says Dr. Galen, is essential if young people are to understand the economy and learn to analyze, appraise and make decisions on economic matters.

GIs Roll Across Soviet Autobahn

BERLIN (AP)—American combat soldiers rolled across Communist East Germany today in another shuttle of armed troops over West Berlin's highway lifeline.

About 150 men of the 6th Infantry Division's 3rd Battle Group left West Berlin at dawn and headed across the 110-mile Soviet-controlled autobahn for two days

of training near Hanover, West Germany.

The Russians were notified in advance of the movement, which was interpreted as part of the continuing assertion of Allied rights to use of the superhighway between Communist - surrounded West Berlin and West Germany.

A similar movement of troops from West Germany to West Berlin for training last week was made without incident.

Delaware was the first state to join the Union.

One of Planes Wrecked

None of 15 Serious In Runway Collision

BOSTON (AP) — Two airliners collided Wednesday night at a runway crossing on Logan International Airport.

Fifteen persons were injured, none seriously.

The collision wrecked one of the planes, a Northeast Airlines jet-prop Viscount. The entire after end of the plane was torn off, including the lounge and part of the passenger cabin.

The other plane, a four-engine DC-8, owned by National Airlines, came to a halt after the crash with its nose on the ground, the landing gear was broken, the bottom of the nose chewed, and the fuselage cracked open just back of the pilots' compartment.

The Northeast jet-prop had just landed after a flight from Washington and New York. The National plane was preparing to take off for New York.

A Federal Aviation Agency statement early today gave this version of the crash:

"Northeast Flight 120 was on final approach to land on runway 4R when the Boston tower local controller instructed the National Airlines flight: 'National 429, Boston Tower, taxi into position and hold runway 9.' National flight responded: '429.' The tower controller observed National 429 move on the taxiway and entering runway 9, then directed his attention to the aircraft on final approach.

"Northeast Flight 120 was observed to touch down on runway 4R approximately 1,000 feet before the intersection. Simultaneously, National 429 was observed to start his takeoff roll on runway 9 from a position approximately 1,000 feet short of the same intersection; the tower controller immediately transmitted a warning to National 429 but the aircraft collided at the intersection of the two runways."

The Northeast plane had a crew of 4 and 40 passengers, and the National liner carried 25 passengers and a crew of 5.

\$25 Ransom Brings Pooch Back to Boy

LA PUENTE, Calif. (AP) — Peaches, a 10-month-old toy poodle, is back with its tearfully happy, 8-year-old master Tony Hewitt.

But there's no hero to thank: Tony's mother had to pay \$25 ransom to a teen-ager.

The Pasadena Independent today reported this story of Peaches' abduction and return:

Tony was walking to the candy store with Peaches and a chum when a car pulled up Sunday afternoon. Two teen-agers jumped out, grabbed the dog, told Tony, 'We're taking him for a ride'—and left the child in tears.

Mr. and Mrs. Chuck Hewitt, Tony's parents, summoned police. But no clues turned up. Hewitt, a cement contractor, says the dog is worth \$350. Youths have been stealing dogs from neighbors, Hewitt says, and selling them.

On Monday, Mrs. Hewitt went to the scene of the crime, a nearby bowling alley parking lot. She asked several teen-agers about the dog. They shook their heads.

Then she offered \$25 reward, and one youth said: 'I may be able to help—but I don't want to get mixed up with the law.'

Mrs. Hewitt promised not to identify him to police, and the boy, about 16 or 17, left. That night Mrs. Hewitt heard from an anonymous, but apparently youthful, phone caller, who said: 'You can get the dog back if you'll meet me in three minutes at a church parking lot.'

Mrs. Hewitt rushed to the lot. Minutes later, the boy appeared with Peaches and demanded \$25 ransom, saying it has to go to the boys who stole the dog. Mrs. Hewitt gave him the money. The boy returned the dog and fled.

Today Hewitt is offering \$50 reward for arrest of the dognappers, but adds: 'I don't want anything done to the boy who returned the dog.'

Students Attack French Embassy In Moscow Today

MOSCOW (AP) —About 2,000 foreign students attacked the French Embassy today, breaking windows and throwing banners into the front hallway. They were demonstrating against the imprisonment of Mohammed Ben Bella and other Algerian nationalist leaders.

The students, some Algerian, marched from Friendship University and other student centers.

They planted an Algerian national flag on the flagpole of the embassy and fought off police efforts to tear it down.

Deaths

NEW LONDON, Conn. (AP)—Elsie Ferguson, 78, a star of the stage and silent movies in the first quarter of the century, died Wednesday.

CHICAGO (AP)—Dr. Vernon C. David, 79, a pioneer in blood therapy and originator of several techniques used in surgery on the lower digestive tract, died Wednesday.

WASHINGTON (AP)—Maj. Gen. Glendon M. Barnes, 74, the Army's assistant chief of ordnance during World War II, died Wednesday.

MEXICO CITY (AP)—Artemio del Valle Arizpe, 72, historian and author, died Wednesday, reportedly of a heart attack.

Three Men Perish In Plane Crash Hunting Student

PARSIPPANY - TROY HILLS, N.J. (AP) — Three men, taking part in a search for a missing plane, were killed when their single-engine aircraft plunged into a swamp Wednesday.

The victims were Peter A. Danzo, 50, of Union City, the pilot; Robert C. Klein, 24, of Clifton, the observer, and Patrolman Walter Sibi, 33, of Union City, who went along to take photographs.

They had left from Teterboro Airport to join in a massive Civil Air Patrol search for a plane piloted by Bruce Huns, 20, of Lincoln, Neb., a student at Princeton University. Huns has been missing since Monday morning when he left the Dutchess County, N.Y., airport en route to Trenton in a small plane owned by the Princeton Aviation Club.

New York CAP officials Wednesday sent ground crews into an area near Pearl River, N.Y., after a pilot searching for Huns' plane reported seeing wreckage. A CAP spokesman said, however, that low-flying and ground checks were made without finding any downed craft. He said the first report was made by a pilot who was flying too high to discern any wreckage.

Red Replacement Is Temporary in Atomic Agency

VIENNA, Austria (AP) — The Soviet Union today appointed Alexander I. Alexandrov to replace former Soviet Foreign Minister V. M. Molotov temporarily at the East-West International Atomic Energy Agency.

This was regarded as a strong indication that Molotov would not return to Vienna. He was Soviet IAEA representative until his denunciation by Soviet Premier Khrushchev at the Moscow Communist party congress. He returned to Moscow Sunday.

The Soviets told the agency Alexandrov would head the Soviet mission for the time being. He had been Molotov's deputy since July 1960.

RACE RELAXATION — Four of America's top racing money winners are pictured in the jockey's dressing room between races at Aqueduct race track in New York City. From left are Pete Anderson; Willie Shoemaker; Manuel Ycaza and Eddie Arcaro.

Po'keepsie Man Is Found Guilty On Gaming Counts

A 47-year-old Poughkeepsie man was found guilty Wednesday by a Dutchess County Court trial jury of three gambling counts, and Monday, Nov. 20 was fixed for motions by defense counsel.

Julius Vincent (Spot) Meyer, of 34 John Street, Poughkeepsie, was convicted on three counts of poolselling, bookmaking, bets and wagers.

The jury reported late last night to County Judge John R. Schwartz.

Three witnesses called by Assistant District Attorney Robert Winne for the prosecution testified at trial that they had placed bets with Meyer. The witnesses were Keith Maroney and John Wall of Poughkeepsie, and Irvin Schaefer of Pleasant Valley.

Edward Filipowicz, defense attorney, made motions before the case went to the jury to dis-

Freeport Man Heads Conservative Judaism

KIAMESHIA LAKE, N.Y. (AP) — George Maislen of Freeport is the new president of the United Synagogue of America, which represents 1,400,000 members of the conservative branch of Judaism.

Maislen was elected to a two-year term Wednesday to succeed Bernath L. Jacobs of Philadelphia.

\$2,000 Flushed Away

LOS ANGELES (AP) — Down the drain went Maureen M. Gray's \$2,000 diamond-studded wrist watch.

She notified police Wednesday that she had placed the watch on the water tank in her bathroom. In reaching for—and pressing—the flushing lever, she accidentally brushed the watch into the bowl.

miss the charges on the grounds that the prosecution had failed to produce sufficient evidence against Meyer. The motion was denied.

Speaks Tonight For UC Realtors

ARTHUR SCHOENHERR

Guest speaker for tonight's November meeting of the Ulster County Board of Realtors will be Arthur Schoenherr of Inter-County Title Guaranty and Mortgage Company of Albany.

The meeting is scheduled for 7:30 o'clock at Governor Clinton Hotel.

Schoenherr will speak on Applying for G. I. Loans and Re-Sale by Veterans With Their Release From Liability.

The former Veterans Administration representative is a resident of Malden Bridge, Columbia County. He is married and has three daughters.

During World War 2 he served with Company F, First Regiment of the Sixth Infantry Division in New Guinea and the Philippines.

From 1946 to 1960 he was loan service representative of the VA loan guaranty division in Albany. When the Albany VA office was consolidated with the New York City office, he joined the Inter-County group in Albany as assistant vice president.

The document disclosed an estate listed only in excess of \$10,000, which was left to Marx' widow, Mary Di Vitha Marx.

Marx, 74, died last Oct. 11. The will made no bequests to any of his brothers nor to a former wife, Betty, or a daughter by that marriage, Maxine Culhane of New York City.

Goldwater Would Have Destroyed Wall Early

WORCESTER, Mass. (AP) — Sen. Barry Goldwater, R-Ariz., says the United States should have pushed over the Berlin dividing wall "when it was only one brick high—and then backed off to see what would happen."

Military men have told him nothing would have happened, Goldwater said.

"Now it's too late," he said in a lecture at Holy Cross College Wednesday night.

**Tests for Peace
Corps Entrance
Set Nov. 28-29**

Postmaster Oscar V. Newkirk announced today that the entrance test for the Peace Corps will be given on Tuesday and Wednesday, Nov. 28 and 29.

Within a few days information showing the place and time for the examination in the area will be posted on the bulletin board of the local post office, including stations and branches.

Those interested in taking the test are advised to watch for complete information at post offices.

Postmaster Newkirk added that he would inform the press when the information has been received.

Potsdam Police**

POTSDAM, N.Y. (AP)—A college freshman, handcuffed while awaiting arraignment on a burglary charge, walked out of the police station in this Northern New York village Wednesday night.

Police said Thomas Richard, 18, of Larchmont, had been eating in a room off an office before he disappeared. Several persons were in the police station but none saw him leave, police said.

Richard, a freshman at Clarkson College, was arrested Wednesday night after being questioned about burglaries at gasoline service stations and schools.

State and local police and St. Lawrence County deputy sheriffs set up roadblocks.

Richard wore a green and gold Clarkson jacket. The temperature was in the mid 20s.

New Gal for 'Carnival'

NEW YORK (AP)—New understudy for Anna Maria Alberghetti in "Carnival" is Wendy Waring. She succeeds Anita Gillette, who won loud cheers from producer David Merrick while filling in recently when Miss Alberghetti was ill. Miss Gillette has a lead role of her own in the new musical "The Gay Life."

**Sirens to Signal
Start of Muscular
Dystrophy March**

Fire sirens and horns will signal the start of the 1961 Ulster County March on Muscular Dystrophy 7 o'clock tonight in Kingston and Saugerties. Over 195 volunteer workers will conduct a door to door campaign for funds to support the local Muscular Dystrophy Drive.

This year's goal has been set at \$10,000 according to County President George Beck. The drive officially gets underway at 7 p. m. However, some volunteers will start earlier in the day so as to cover greater territory.

Solicitors may be identified by red Jerry Lewis Muscular Dystrophy tags.

Kingston Firefighter Hugh Greer is Kingston city chairman with brother Phillip Greer serving as co-chairman.

In Saugerties, John Collins Sr. has organized volunteers for that area. Collins has two sons, age 9 and 10 who are afflicted with Muscular Dystrophy.

Funds raised in the doorbell drive will be used by Ulster County Chapter to provide such things as wheelchairs, special shoes, transportation costs and treatment to area children. There are 10 known cases of Muscular Dystrophy in Ulster County alone. There are more than 200,000 victims of the mysterious, crippling disease in the U.S.

No cure or effective treatment has yet been found for the malady which cripples its victims by progressively destroying muscle tissue. Funds from the drive will also be used to advance study of the disease, according to County Chairman Joseph Qualtere.

"The MDA has built a research center, the Institute for Muscle Disease, in New York City, and it is this institute that serves as headquarters for a concentrated and coordinated attack on Muscular Dystrophy and related Neuromuscular Diseases," Qualtere said.

County Coordinator Louis Kirschner yesterday requested information from persons in the county who know of any individual who may have MD. Kirschner said it is important that the Ulster County Chapter be informed of any and all cases.

According to Kirschner, envelopes will be left under doors for the benefit of those that are not at home during the drive.

While the Saugerties and Kingston drive gets underway tonight, other areas in the county are conducting door to door campaigns on November 22. Ward chairmen have been appointed and volunteers are now being solicited for the March in Ellenville, Ulster, Highland, Hurley, Rosendale, Port Ewen and New Paltz.

**Proposes Wisconsin
For Seaway Office**

WASHINGTON (AP)—The Commerce Department was urged today by Sen. Alexander Wiley, R-Wis., to choose Wisconsin for its new office for information and traffic development of the St. Lawrence Seaway.

Secretary of Commerce Luther H. Hodges recently announced plans to establish a special office for promotion of trade and commerce through the Great Lakes-to-the-Atlantic waterway.

"In my judgment, Wisconsin would be a strategic location for the new seaway office," said Wiley.

Wiley added that the effort to promote traffic through the waterway, an action he has long recommended, is essential if the seaway is to pay its way, including repayment of the taxpayers' multi-million dollar investment.

**Newkirk Sees All-Time Record
Postmaster Suggests Early
Preparations on Yule Mail**

"It's time to start planning for Christmas card and gift mailings," Postmaster Oscar V. Newkirk said today as he launched his 1961 "Mail Early For Christmas" Campaign.

Looking ahead to what may be the biggest Christmas season ever, the postmaster said further, "Here are the things to watch to help in getting every Christmas card and package delivered before Dec. 25."

Check Christmas card and gift lists carefully. Be sure each address is complete with full name, street and number, city, zone and state. Avoid abbreviations of city and state names.

For your gift packages, secure heavy wrapping paper, sturdy corrugated cartons, strong cord and adhesive tape. Remember, also, that you can include your Christmas card or letter inside your gift packages if you will add the appropriate first class mail stamps to the postage for the package itself.

Get Stamps Early

Stock up on postage stamps—By doing this soon, you'll save lots of time that might be spent standing in line later on. When you go to the post office, ask for

a supply of labels which read, ALL FOR LOCAL DELIVERY and ALL FOR OUT OF TOWN DELIVERY, so that before you mail your Christmas cards you can sort them into two groups, with the addresses all facing one way, thus expediting delivery.

The Post Office will help you plan Christmas mailings.

Newkirk's other tips are: First class postage is best for mailing Christmas cards. All cards sent by 4c postage may include a personal handwritten message, and they'll be forwarded or returned, if that becomes necessary. Be sure to put your return address on your Christmas card envelopes. It's socially correct to do this, and enables both you and your friends to keep your mailing lists up-to-date.

Sees Record Volume

Predicting that this year's Christmas mail will set an all time record, even exceeding the 3,419,000 pieces that were handled here in the pre-holiday season of 1960, the postmaster pointed out the importance of planning Christmas mailings now to avoid a lot of headaches when the Christmas rush comes in earnest.

He said further, that through the excellent cooperation of the public during recent Christmas

seasons, he has been able to get all of the Christmas cards and packages dispatched and delivered before Christmas Eve.

"We can all make the 1961 'Mail Early For Christmas' campaign a big success," he continued, "if we'll all take a personal responsibility in planning Christmas mailings so that cards and gift packages going to most distant points are mailed by Dec. 10, and earlier, if possible. Christmas packages for local destinations should be mailed by Dec. 15, and be sure to mail your Christmas cards for friends and relatives in this area at least a week before Christmas."

**Albany Purchasing
System Probe On Again**

ALBANY, N.Y. (AP) — A reopened probe of purchasing practices of Democrat-controlled Albany County by the State Investigation Commission was to continue today.

Twelve vendors appeared Wednesday as the SIC reopened the investigation begun at the request of Republican Gov. Rockefeller last summer and suspended until after the November elections.

The vendors all had done business with the Ann Lee Home, a county facility for the aged and indigent. Neither they nor the SIC would comment on yesterday's proceedings.

Katsbaan Property Selected As Possible Site for School

The Saugerties Board of Education has voted to take an option on a piece of property in the Katsbaan area as a potential site for a 14-room elementary building.

There are several sites available in the Katsbaan area and these have been examined by a board committee. After an option has been taken, test borings will be made to determine whether the nature of the soil is favorable for building and drainage purposes.

The Katsbaan site was finally agreed upon by the Board because that area has drainage characteristics specified by the architects; and because it is a natural transportation center for the pupils in the northwestern portion of the school district. Katsbaan is approximately in the center of the northern half of the school district with roads leading in from north, east, south and west.

The time schedule established by the board of education calls for a vote on a proposed bond issue on approximately Feb. 15. The board has expressed a desire to maintain the schedule because the number of pupils on part-time sessions is increasing annually at a rapid rate. There are 426 fifth and sixth grade and ungraded class pupils on a part-time schedule at the present time. By 1965, it is anticipated that 2262 pupils will be on a part-time schedule if additional buildings are not made available.

At the present time, the high school is on a full-time schedule but this group of students, too, are faced in the very near future with a part-time operation. In addition to the pupils currently on a part-time schedule in the local system, 523 kindergartners are also on an abbreviated schedule with each kindergarten room being used daily for three different groups of children.

The board plans in the future that kindergartners will be

in session for a half-day which means that each classroom will be used by two groups of children, thereby making it possible for the young children to begin and close their school day on a more favorable schedule.

The board has approved the appointment of James Chase as a guidance counselor in the high school beginning Feb. 1. Mr. Chase is currently a teacher of high school English in the local system. He earned his BA and MS degrees at Alfred University, Alfred, and is currently concluding his preparation for a provisional certificate in guidance at the State University College at Albany. Mr. Chase is currently pursuing his third year of teaching in the local system. At Alfred, he was head resident of the men's dormitory. He was for two years an officer in the Signal Corps of the U. S. Army. He has also had experience as a part-time radio announcer.

The board confirmed the appointment of two new members of the faculty: Mrs. Joann Sullivan, Woodstock, as a first grade teacher in the Main Street School, and Mrs. Ann Marie Simmons of Saugerties as a kindergarten teacher of two groups, one in the Glasco School and the other in the Mt. Marion School. Mrs. Sullivan has had eight years of teaching experience in the public schools of New York State and New Jersey. Mrs. Simmons has had two years of previous teaching experience in the local school system.

The appointment of Decker Pardee as junior varsity debate coach was confirmed.

The board of education approved the engaging of an additional clerk in the business office of the local school system.

Refunds to taxpayers totaling \$1,574.43 which had been paid to the local tax collector because of erroneous assessments were au-

thorized by the board. Taxpayers who had been erroneously assessed included William and Mary Bock, Saugerties National Bank and Trust Company, Leon and Elton Johnson, Joseph and Lucy Malone.

Approval was given by the board for the installation of a gasoline tank and pump at the Hill Street site for exclusive use of vehicles owned and operated by the school district. This does not include vehicles owned by personnel working for the district, but only district-owned vehicles, particularly the driver-training car, tractors and trucks. It is anticipated that this installation will result in an annual savings of approximately \$500 to the local school district.

Superintendent Morse informed the board that additional members are needed on the substitute teacher list because several former substitutes have now accepted full-time positions in the local system.

Master Masons Feted by OES

Master Masons Night was observed at the regular meeting of Emmanuel Chapter, 517, Order of the Eastern Star, Tuesday night at the lodge hall, Main Street. The meeting was opened by Patron John Miller and conducted by Matron Mildred Brady.

The visiting Master Masons of Ulster Lodge, 193, F&M, were introduced by the senior warden, William Kiernan Jr. and presented with a souvenir program for the evening.

A report on the successful card party held in November was given by Vera VanTassel. It was also announced that Nov. 20 is Right Worthy Grace Fink, district deputy, at Greenville, Nov. 28 is the date for the reception for Right Worthy Winfield Maben, district lecturer at Windham. officers for the ensuing year for the Greene-Ulster District.

Members were asked to bring all Christmas gifts for Castle Point and Oriskany Hospitals to the next meeting. Items will be wrapped, and labeled, so they may be delivered in time for the holiday.

Line officers meeting will be held at Catskill Nov. 18 at 1 p. m.

A rehearsal for draping of the altar will be held Monday, Nov. 27 at 7:30 p. m. in preparation for the next meeting night.

Following the meeting a skit, A Masonic Meeting Night, was presented and musical numbers by Mildred Brady, violin, and Mildred Schuchardt, accordion, provided entertainment for the social hour.

"Why," the Indian replied, "I use the telephone. What do you do?"

Ellenville Makes Final Payment On School Buses

The Board of Education of Central School District Two of Ellenville made final payment on its school buses, hired one teacher, accepted the resignation of another and denied two transportation requests at its monthly meeting Tuesday night.

Final payment of \$14,539.97 on the school buses was announced by Business Manager Sol Sashin.

The board hired Mrs. Katherine S. Houston as an elementary teacher at Summitville School at a salary of \$6,100. It accepted the resignation of Miss Hermine Pekarsky, effective Dec. 15. She plans to be married shortly.

Benjamin Lonstein, superintendent of buildings and grounds, reported that papers are ready for signing on the sale of the schoolhouse in District 11 at Mt. Mongola. The board also denied two requests made by parents for school transportation.

Like Crazy

HELENA, Mont. (NEA)—In the fall, members of the grouse family begin to do nutty things. With reckless and blind frenzy they fly into trees, buildings and even through windows, in what are called their annual crazy flights. The reasons for the erratic flights are not known, but they are believed by wildlife scientists to be associated with

the young birds reaching maturity and the breaking up of families.

The Montana Fish and Game Department has received other explanations for the crazy behavior from self-appointed experts. One man suggested that

falling autumn leaves may frighten them into pell-mell retreat.

Another ingenious theory was advanced — that the birds eat too heartily of fermenting berries and become inebriated to the point of foolhardiness.

Impressions From Long, Distinguished Career

HE HAD PENSIVE MOODS AS HE PRESIDED.

TART ONES, TOO,

SPEAKER OF THE HOUSE
SAM RAYBURN

HIS WAS A FRONT SEAT FOR THE PARADE OF HISTORY... FOR MANY YEARS.

THE PUBLIC KNEW HIM AND REVERED HIM AFTER THEY SAW HIM IN ACTION AT THE CONVENTIONS.

Death Comes Quietly to Mr. Sam

August for what was to be his final departure.

"They're going to have to carry me out of here, God willing. I love this house," he said.

Later, when illness ravaged his body, his associates quoted him as saying he wanted to return to this community, his hometown, to end his days among "those friends and neighbors who for so long have given me a love and loyalty unsurpassed in any annals."

He was brought to this town of 7,000 persons Oct. 31 from Baylor Hospital in Dallas, 75 miles south-east of here.

A diagnosis of cancer was made shortly after he entered Baylor Oct. 2 for a series of tests to determine what was causing a chronic back ailment.

May Have Feared Worst

The ailment originally described by Rayburn as lumbago, forced him to abandon his post as boss of the House almost a month before the last session of Congress adjourned.

It was an unprecedented thing for "Mr. Sam" to do, and friends immediately suspected that Rayburn himself feared the worst. The family would not permit doctors or associates to reveal whether Rayburn had been informed of the hopelessness of his illness.

At one point, when he had wasted away from 176 pounds to 130, he told a great-nephew, Robert Bartley Jr., 23, that "this is the damndest thing that ever got a hold of me."

Four days after he entered the hospital, doctors announced that he had incurable cancer of the lymph system, which roughly parallels the blood system throughout the body.

Took Turn for Worse

His condition took a sudden turn for the worse Oct. 11 when he contracted pneumonia. Doctors said at first he was unconscious, then said he was in a coma, a technical medical difference. Persons in a coma do not react to stimuli.

He revived the following day after use of antibiotics and special breathing aids.

The day after doctors reported cancer, his longtime personal friend and political protégé, Vice President Lyndon Johnson, flew to his bedside. After that, Johnson visited Rayburn as often as his national duties permitted.

Visited by Kennedy

President Kennedy flew 3,000 miles round trip for a 14-minute visit with Rayburn on Oct. 9. They talked about politics, said the President.

Then came Rayburn's old political enemy, former President Harry S. Truman, on Oct. 13.

"He told me where to get off just like he did when I was in the White House. I was so happy at the way he treated me," said Truman.

"Sam Rayburn means everything to me that one man can mean to another," said the former president.

During this period Rayburn became progressively worse as expected with his form of cancer. On Oct. 15 doctors said he "had some periods of confusion" and was weaker, but he rallied during the day.

Doctors finally were forced to

stop therapy designed to prolong Rayburn's life because of the unwanted side effects of the treatment on a person so gravely ill. Last Saturday, his doctor said Rayburn had only hours or days to live. He lapsed into increasingly long periods of semiconsciousness or unconsciousness.

Before returning to his Bonham farm for a rest, Rayburn arranged for McCormack to take over the speakership on a temporary basis. That act put McCormack in line for formal election as speaker when the House reconvenes Jan. 10, four days after what would have been Rayburn's 80th birthday.

Only Three Survive

Surviving are two sisters, Mrs. W. A. Thomas of Dallas and Mrs. S. E. Bartley of Bonham, and his brother, Richard Rayburn of Bonham. They are the last of a family that once numbered 11 children.

A bachelor, Rayburn's only marriage was dissolved several months after it took place in 1927.

Detested Social Whirl

He detested Washington's social whirl of which he had to be a part and preferred to spend his leisure evenings in his homey rooms in a Washington apartment hotel.

There he would sit for hours with friends, nibbling at a steak and sipping bourbon in moderation while watching television. He was an avid boxing and wrestling fan. He loved good food and good drink and enjoyed sharing it with his intimates.

Rayburn considered the fancy victuals served at most Washington social affairs as "stuff for the birds."

Fishing His Relaxation

Friends suspected that Rayburn would have been a good, doting father. He loved children, especially boys.

"God," he once confided to a friend, "what I would give for a tow-headed boy to take fishing."

Fishing was his favorite form of relaxation. He would go anywhere the fish were reported biting. To him, landing a scrappy bass was an accomplishment.

He was sensitive about two things, his lack of hair and his ill-starred marriage. He often accused photographers of focusing cameras in such a way as to emphasize his complete baldness.

He wouldn't discuss his marriage to Miss Metz Jones of Valley View, Tex., a sister of former Rep. Marvin Jones of Texas. They married on Oct. 15, 1927, and several months later the marriage was dissolved. She now is Mrs. Jeff Nelly of Amarillo, Tex.

Baptized at Age 74

Although a God-fearing man and a respecter of all religions, Rayburn did not publicly embrace any religion until he was 74 years old. At that age he was baptized into the Tioga, Tex., Primitive Baptist Church.

In a private hideaway in the Capitol, Rayburn spent many sociable hours with his intimates. Known as the "Board of Education," the hideout was a gathering place for a select group of friends at the close of almost every daily session of the House.

Discussions covered a wide range of subjects—politics, family matters, sports, current events, legislative strategy. Harry S. Truman

man was enjoying a social drink there late in the afternoon of April 12, 1945, when he received word that President Franklin D. Roosevelt had died.

Rayburn enjoyed so-called "shaggy dog" stories but didn't like jokes "that reflect on womanhood."

Political Philosophy

Rayburn's down-to-earth political philosophy could be summed up this way:

"In politics you have to know how the people feel and what they are thinking. If you don't feel what you can't see, you are dead. You have to be fair. You have to have vision. You have to learn to give and take. You must com-

promise when necessary. You have to work hard and keep in touch with your people. You have to have faith in the people because they are good and fair. Having good, common sense isn't enough; you have to exercise it."

It was this philosophy which made Rayburn's name synonymous with American politics and helped him scribe a lasting page in congressional history.

Leaves Imprint

His records were not only those of longevity—he served in the House more than 48 consecutive years and was its speaker more than twice as long as the previous record-holder, Henry Clay. He left his imprint on far-reach-

ing legislation. The Rural Electrification Administration, the rural highway program, the Securities and Exchange Act, the Federal Communications Act and antitrust laws were among his legislative children.

Big Four Agrees To Paris Talks Before Dec. 13

WASHINGTON (AP)—The Big Four Western foreign ministers have agreed to meet in Paris next month to talk about Berlin and other problems.

The meeting will be held in advance of the semiannual conference of the 15-nation North Atlantic Treaty Organization, which opens in the French capital Dec. 13.

The announcement of the ministers meeting was made Wednesday by the State Department.

Beacon Shelters

A proposal for fallout shelters in schools at Beacon has been turned down by members of the Board of Education of that city who decided to continue the school's go-home system in event of a nuclear attack.

Superintendent Dr. Bradley Bishop told board members he had discussed the matter with officials of the State Department of Education and they gave approval of the school's present procedure.

A new margarine of special importance to people who are concerned about saturated fats*

NOW, THE MAKERS OF MRS. FILBERT'S MARGARINE BRING YOU THE ONLY CORN OIL MARGARINE THAT GIVES YOU ALL THREE.

Many of us, today, may be worried about saturated fats in the diet. Recognizing this, the Filbert family, who for four decades have placed fine margarine on fine tables, brings you a special margarine that is high in poly-unsaturates.

You will find Mrs. Filbert's Corn Oil Margarine quite unlike any other corn oil margarine you have known. For it is the only corn oil margarine at your grocer's that offers you all three:

100% corn oil. Not a mixture of less expensive oils.

Liquid corn oil that is extremely high in poly-unsaturates. (Never hardened with hydrogen, as are ordinary corn oil margarines.)

And a taste so golden, it is guaranteed. Only Mrs. Filbert's gives you all three. Introduce your family to this fine new product, today.

*You would be well advised to talk with your regular physician. He can determine the degree of concern you should have about saturated fats in your diet.

Noted Lecturer on Gardens Will Give New Color Slide Show Here on Saturday at 2 PM

Mrs. A. Keith Smiley Jr., well-known lecturer on gardens, will give a new color slide show this Saturday, 2 p. m., at Artercraft Gallery. The program is open to the public and will be of particular interest to members of local garden clubs.

Mrs. Smiley has always been interested in plants and animals in the natural areas. She has given lectures and slide shows on nature subjects to P-TA groups, historical societies and has written several articles on nature and conservation for national publications.

Mrs. Smiley also has full responsibility for the planning of Mohonk Gardens. She conducts garden and nature walks and gives lectures to guests. Each fall, she plans and directs the Mohonk Garden Holiday.

Active in Federated Garden Clubs of New York State, third district, Mrs. Smiley was chairman of conservation and landscape design. She is now filling the office of Horticulture Chairman. She has also served as past president of the Palitz Garden Club.

The topic of Saturday's show will be "Our Woodland Heritage."

Youth Aliyah Dinner Is Held Here; 150 Attend Reception

An audience of 150 enjoyed a program of Jewish music through the ages at the Kingston Chapter of Hadassah's annual Youth Aliyah reception Monday evening at Temple Emanuel.

Guest performers were Ruth Jacobson, folksinger and guitarist, and Chaya Freund, Israeli pianist. They presented a varied program of Jewish songs from Talmudic chants to present-day Israeli melodies.

All contributors to this year's campaign on behalf of Youth Aliyah, international rescue and resettlement agency, were Hadassah's guests at the reception. Refreshments were served following the program.

Mrs. Arthur H. London, president, greeted the guests and described the work of Youth Aliyah. She thanked those in charge of this year's successful campaign. Mrs. Sherman Kent, chairman; Mrs. Charles Forst, co-chairman; and Mrs. Harry Feldman, Youth Aliyah treasurer. Mrs. Arthur Landman was in charge of the program and introduced the guest artists.

Mrs. Robert E. Davis was chairman of the reception, aided by Mrs. Richard Kalish, co-chairman. Assisting were the Meses, Sam Kenik, Philip Rosdol Robert Yallum, Arthur Landman and Morris Kalish. Table decorations were arranged by Mrs. Arthur Ewig and Mrs. Stanley Wyman. Pouring were Mrs. Morris Berman and Mrs. Nathaniel B. Gross; aided by Mrs. Edwin Kalish and Mrs. M. J. Fletcher.

Mrs. London announced that the Hadassah study group will meet at 8:30 p. m. Thursday, Nov. 30, in the home of Mrs. Paul Johnson, 11 West Chester Street. Mrs. Edward Weissman will give a report on the great rabbinical sage, Rabbi Akiba. Those who plan to attend should call the hostess; information about the study group and its plans may be obtained by contacting Mrs. Robert S. Yallum.

Marist to Send Delegates To Special Conference

Brother John Malachy, F.M.S., Director of Admissions of Marist College will represent the local Institution at the conclave of the Regional segment of the American Association of Collegiate Registrars and Officers of Admission. More than 525 representatives of some 280 colleges and universities from six states will attend the annual convention conducted by the Middle States Association of Collegiate Registrars at Chalfont-Haddon Hall, Atlantic City, N. J. from Nov. 23 to 25.

Brother John recently returned from the annual convention of the New York State Association of Guidance Directors from high schools across the state held at Grossingers.

AZA Local Chapter Plans Service, Social

The Black-Dubin Chapter of AZA will conduct Sabbath eve services, this Friday night at 8 at Congregation Ahavath Israel on Wurts Street. After the service there will be refreshments served at an Oneg Shabbat at which time the B'nai B'rith girls will lead Israeli singing and dancing. The public is cordially invited to attend both the services and the festivities afterward.

Boys taking part in the service include: Richard Fertel, Robert Fertel, Larry Marcus, Paul Kreppel, Jeff Trest, Stuart Werner, Manes Schnazer, Paul Pasternak, Ben Levine, Saul Basch, Bob Zweben, Eric Scott, Marc Johnson, Dave Siller, Steve Garber, and Milton Popick. Neil

IN SATURDAY NIGHT'S SHOW—Several members of St. Mary's Choir, Saugerties, pause during rehearsal for the Freeman photographer. They are (l-r) Harold (Merce) Farrell, Steve Baran, Leonard Gilmore, Arthur Schoen and Mrs. Patrick Gavigan. On Saturday at 8:30 p. m. in St. Mary's Hall, Saugerties, the group will

present its annual variety show. Tickets are available from members of the choir and will be sold at the door the night of the show. Guests will be Peter Mathews of Rosendale, popular banjo player and members of St. John's Choir from West Hurley. Public is invited. (Freeman photo)

Miss Linda McCord Represents County In Cherry Pie Bake

Miss Linda McCord of Wallkill represented Ulster County at the Eastern District 4-H Club Cherry Pie Bake held at the Hotel TenEyck in Albany Saturday, Nov. 11. Miss McCord represented one of 11 counties in the district at this event, which is sponsored by the New York State Cherry Growers and Processors.

The program included pantomime demonstrations of Cherry Pie preparation by the 4-H girls. Each entrant was judged on her skill in demonstrating and also the quality of the finished Cherry Pie. Awards were presented each entrant. . . White, worthy; Red—Good and Blue, Excellent; while the four excellent award winners will represent their counties at the State Cherry Pie Bake to be held in Rochester on Saturday, December 16. Miss McCord placed Red award in the second group and received a certificate of participation.

Following the judging a luncheon was given by the National Cherry Growers Institute, at the TenEyck and Fred Corey, secretary of the New York State Cherry Growers Institute, and Miss Gertrude Leckinger, assistant to the secretary of the New York State Canners and Freezers Association, spoke to the group on behalf of the sponsors of the contest.

Miller will serve as conducting rabbi for the service and AZA President Norman Blinder will deliver the sermon on "The Meaning of AZA Sabbath."

DICTATING WITH CIGAR IN HIS MOUTH

Q: I have recently taken a position as a stenographer with a fairly large company. I do not work for any one particular man but take dictation from several of them. One man from whom I have to take dictation quite frequently, has a habit of dictating with a cigar stuck in the corner of his mouth, making it very difficult for me to understand what he is saying. Is there any way I can tactfully bring this to his attention without running the risk of losing my job?

A: Say to him as often as necessary, "I'm sorry Mr. Jones but I didn't understand that word." He may after a while realize that it is because of his cigar that you can't understand him, and eliminate it.

Must Bridesmaid's Parents Be Invited?

Q: My daughter is to be married soon and she has asked my nephew to be an usher at her wedding. She also asked his fiancée to be one of her bridesmaids. Her parents are complete strangers to us and I do not feel that it is necessary to invite them to the wedding. My daughter feels differently and thinks that it would be discourteous not to ask them. Will you please tell us what is proper in this situation?

A: Very definitely they should be asked to the church and, unless the wedding is so small that the guests are limited to the immediate families and fewest intimate friends, they should also be asked to the reception.

Named Speaker Here For Secretaries Dinner-Meeting

Seated in the Mercury Capsule, high atop a Redstone missile, Navy Commander Alan B. Shepard Jr., participated in a historic moment as America's first manned space shot left the launching pad at Cape Canaveral, Florida on May 5, 1961.

Taking its name from that legendary wing-footed messenger, the mission to put the first American manned vehicle into space was called Project Mercury.

This will be the subject of the program to be presented on Monday, Nov. 20, when the

CLARENCE K. HOWE

Kingston-Poughkeepsie Chapter of the National Secretaries Association holds its monthly dinner meeting at the Nelson House in Poughkeepsie.

Clarence K. Howe, of Rhinebeck will be the guest speaker. Mr. Howe is manager of engineering field operations for IBM in Kingston. He directs IBM engineering activities in maintenance and support of Project Mercury, in support of the Federal Air Traffic Control Project at Atlantic City, N. J.; in support of engineering activities located at Lexington, Mass.

Mr. Howe joined IBM in 1953 at Poughkeepsie as an engineering change analyst on the Air Force's AIA bombing-navigation system project. Subsequently, he was transferred to early SAGE computer development as a technical engineer and later was named associate engineer in the printed circuit laboratory. In late 1955, Mr. Howe was named associate engineer in the printed circuit laboratory. In late 1955, Mr. Howe was named a Project Manager and the following year appointed Administrative Assistant in Engineering Administration. Two years later, he was named a development engineer in SAGE product engineering and, in early 1960, was named manager of the Project Mercury Launch Subsystems.

Mr. Howe attended Wright Junior College and Oklahoma A&M. He is a member of the Institute of Radio Engineers.

Members are urged to attend this educational, interesting, and informative meeting. Area secretaries are also cordially invited to attend. Reservations may be made by contacting Miss Lillian M. Styles, vice president, Kingston.

Tips on Buying Turkeys

It seems as though autumn has just arrived, and here we are planning our Thanksgiving menus.

We wouldn't think of passing up that holiday, without the traditional menu, but did you know that you can celebrate Thanksgiving dinner with the traditional turkey and economize while doing so? You will find turkey available at unusually low prices, although you may pay about the same for the sweet potato and cranberry trimmings as last year.

When you buy turkey this Thanksgiving, you will have a chance to choose a bird far different from that available only 20 to 25 years ago. Today's turkey has 50 per cent more meat than the type your grandmother could buy. The current model has short legs, and it has more white meat. Turkey typically contains two-thirds white meat; one-third dark; and birds of all sizes are tender and juicy.

As the type of bird available has changed dramatically, so have marketing methods. Almost all turkeys now come ready-to-cook. Most are frozen.

The commercial turkey industry constantly seeks ways to improve its product and recently has developed a strengthened over wrap for frozen birds. This means less chance for freezer burn, that is, the drying out that occurs when a wrapper on a frozen bird is torn or damaged and the meat exposed to the air.

Turkeys with freezer burn are safe to eat, but they are not as attractive or flavorful as fully protected birds. I find it works best to buy frozen turkey enough ahead of cooking time to allow them to thaw. Thaw them just in time to roast them. Thawed turkeys cook more uniformly and are easier to stuff than un-thawed ones. You will need to allow 1-4 days for thawing turkey in the refrigerator, depending on the size you buy.

You save time when you prepare stuffing ingredients the day ahead — but this is an unsafe practice unless you store the dry ingredients separately from the moist ingredients. Refrigerate the moist ingredients, and combine them with the dry ones just before you stuff the bird. And once you stuff the bird, roast it immediately. Sweet potatoes go well with turkey because their flavor complements that of the meat and because the months of peak supply and lowest seasonal prices come in the fall and early winter. Skin color of sweet potatoes may vary from almost white to coppery or dark red. Flesh color may be white, salmon, or, most commonly, yellow or orange.

Texture too, may vary. Those with yellow flesh may be dry and mealy; those with orange flesh, soft and moist. The moist varieties are often called yams, particularly in the South. When you buy sweet potatoes, avoid those with pits, or dents on the surface, a sign of chilling injury. These may develop off flavor and color, and decay.

Choose home temperatures with care. Store sweet potatoes at room temperature to avoid chilling injury. If you buy the potatoes in polyethylene bags, remove them from the bag before storage, as condensation of moisture inside the sealed bag encourages decay.

At the Markets
Meats—All kinds of meat are in generous supply. Poultry selections—turkeys, ducks and broilers—are priced lower than a year ago. Pork prices have weakened some at retail. Beef liver is priced at its lowest level in 4 years, according to the New York City Department of Markets.

Dairy products—Milk production continues at a comparatively high level with output about 3 per cent greater than year ago. Much of the milk produced is not consumed in fresh fluid form but rather is diverted to manufacturing purposes. Supplies of most

manufactured dairy products will be abundant.

Eggs—Egg prices have again declined. Both large and medium Grade A eggs are generally priced at 12 cents per dozen less than a year ago.

Fruits—A greater variety of fruits are available than in recent weeks. Two unusual fruits that are reasonably priced are pomegranates and persimmons. Both are very seasonal in production, so sample them soon. Apples, avocados, cranberries, pears, and limes continue abundant. Plentiful grape varieties include Thompson Seedless, Ribiers and Emperors.

Vegetables—Vegetable bins are brimming over with many good selections, as larger shipments from southern areas combine with local supplies. Cabbage, Brussels sprouts, cauliflower, eastern onions and potatoes, sweet potatoes, and acorn, butternut and Hubbard squash are among the most plentiful vegetables. But shoppers may vary their selections from among the following reasonably priced vegetables—carrots, broccoli, beets, artichokes, snap beans, celery, cucumbers, eggplant, lettuce, anise, spinach and mushrooms.

Bard Dance Group To Perform Sunday Through Tuesday

ANNANDALE-ON-HUDSON, N. Y.—On Sunday, Monday, and Tuesday, November 19, 20 and 21, the Bard College Dance Department will present a concert which includes a part of Michael Giffen's Senior Project. The concert will begin at 8:30 each

night in the college theatre. In a slight departure from previous dance projects, Miss Giffen is not only choreographing two dances, but interpreting compositions by Ana Tielman, who is also directing the program.

Compositions include a revival of House of Doors, based on Garcia Lorea's House of Bernarda Alba, and first presented in New York at the Y-M-W-HA in 1959; and The Importance of a Chair, choreographed by Caroline Bacon, '60. Also on the program is a dance to Igor Stravinsky's Ebony Concerto, and a medieval ballad dance based on a poem by W. B. Yeats, a Saraband and a fugue to the music of J. S. Bach.

Dancers will include Miss Giffen, Margery Apsey, Ellen Kennedy, Penny Axelrod, Pat Rather, July Koppersmith, David Wehrley, and David Frederickson.

Violin Virtuoso Is Coming to Kingston Monday at 8:30 PM

An evening of unusually fine violin music will be offered for Kingston Community Concerts Association Monday when the brilliant young violin virtuoso, Jaime Laredo, will be presented at the Community Theatre, Broadway, 8:30 p. m. Just 20 years old, Laredo has been hailed in Europe, South America and the United States as destined for one of the great names in violin playing.

A native of Bolivia, he studied in the United States and in 1959 won the highly competitive Queen Elisabeth of Belgium International Music Competition. He has toured Europe three times, the United States twice, South America and expects to return to Europe this winter to appear in concert and with orchestras. His native country has bestowed upon him the highest honor and issued 12 commemorative stamps carrying his photograph.

His accompanist for the recital in Kingston will be his wife, Ruth Laredo, a concert pianist in her own right.

Selections will include Sonata in G minor, Giuseppe Tartini; Adagio in E major, K. 261 and Rondo in C major, K. 373 by Mozart; Sonata in A, Op. 13, Faure; Rondeau brilliant in B minor, Op. 70 by Schubert; and Notturmo e Tarantella, Szymanowski.

Admission to Kingston Community Concerts Association programs is by membership card only. No tickets are sold at the door. Any member who has not received his membership card may check with Mrs. Louis Kessler, secretary, 50 Linderman Avenue.

Donna Leventhal At Grace Downs Air Career School

Donna Lee Leventhal, daughter of Mr. and Mrs. Reuben Leventhal, of 264 Pearl Street, Kingston, will begin her studies in airline secretarial work, the Freeman learned today.

Miss Leventhal, along with many girls from all over the country, has been accepted at the Grace Downs Air Career School, 477 First Avenue, in New York City.

At the school, she will be given a course of secretarial training which will fit the needs of leading industrial and airline executives. It is a two-year course given in one year.

Formerly the headquarters of the N.Y.U. Medical Center, the school has been converted into a building containing the most modern training equipment and dormitories to insure the best possible preparation for a secretarial career.

FREDERICK SNYDER, senior student at Kingston High School took first place in the Editorial Writing Contest sponsored by Syracuse Post-Standard at the Empire State School Press Association Conference. The conference took place in Syracuse November 3-4. The award was given on the basis of work accomplished by the youthful writer last year when he served as editor-in-chief of the KHS Dame Rumor. Member of the French Honor Society, Snyder is also a member of the National Honor Society, and active in school programs and projects. He is now a member of the senior class play, and expects to take part in the Times-Union writing contest on December 6 in Albany. He is the son of Mrs. John Snyder, Maiden Lane, this city, and the late John Snyder. Second place for headline writing was won by Jimmy Thompson, son of Mr. and Mrs. Frank Thompson, Fair Street, who is now a freshman at Colgate. (Freeman photo)

Mount Holyoke Club Plans Fall Meeting Saturday at KHS

The Hudson Valley Mount Holyoke Club is holding its fall meeting in the Kingston High School cafeteria on Saturday, at 12:30 beginning with a luncheon prepared by John Johnson of the School Lunch Program, Kingston Schools Consolidated.

Principal purpose of the meeting at this time is to hear the report of Mrs. Carolyn Wygant Fetter of Fishkill, Alumnae Councilor, who has just returned from the Council meetings held at the college in South Hadley, Mass., from Nov. 10-12.

Of particular interest to all alumnae are the plans of the college to celebrate in 1962 the 125th anniversary of its founding by Mary Lyon in 1867.

Presiding over the meeting will be Mrs. Helen E. Partlan, Kingston, president. Other officers are Mrs. Robert MacGuinness, vice president, and Miss Marjorie Gunther, corresponding secretary, both of Poughkeepsie; Mrs. Oscar MacNemar of Beacon, recording secretary; and Miss Janet Jenks of Millerton, treasurer. Membership in the local organization includes alumnae from Hudson, West Point, Montgomery and as far east as the Connecticut border. Any graduate or former student of Mount Holyoke who has

Annual Parents Day This Saturday At Dutchess College

Dutchess Community College will hold its second annual Parents' Day this Saturday afternoon between 1 and 4 p. m., President James F. Hall announced today. Members of the faculty and administration will be present to meet parents and other visitors.

Dr. Hall said that the full educational development of young people in a community college

recently moved into this area and is interested in attending the meeting should contact Miss Martha Barnett, luncheon chairman, at the high school during the day or at 65 Plymouth Avenue evenings.

is most readily achieved when there is maximum understanding and cooperation between the home and college. By inviting parents to our campus and acquainting them with the College, its faculty and its program, we hope to help parents play a more meaningful and constructive role in the education of their sons and daughters, Dr. Hall added.

The library, classrooms, laboratories, and other facilities will be open for inspection during the afternoon event. Refreshments will be served in the College cafeteria.

Maris Edges Mantle For League MVP Title

ROGER MARIS

Receives 202 Points To 198 for Mickey

By SKIPPER PATRICK
Associated Press Sports Writer
RAYTOWN, Mo. (AP)—Home run king Roger Maris, sporting his second most valuable player award in as many seasons, looks to the 1962 American League season as a challenge to keep on doing his "very best to help the Yankees to another pennant."

The reticent slugger, who socked 61 home runs last season, again edged out Yankee teammate Mickey Mantle for the award in voting by 20 members of the Baseball Writers Association of America.

Maris received 202 points to Mantle's 198. A year ago he beat Mantle by only three points. Jim Gentile, Baltimore's first baseman, was third in the poll with 157 points. Norm Cash, Detroit first baseman, was fourth with 151 points and Yankee pitcher Whitey Ford fifth with 109.

Based on a count of 14 points for first place, 9 for second, 8 for third down to one for 10th, Luis Arroyo, New York's great relief pitcher, received 96 points for sixth place. Frank Lary, Detroit pitcher, with 53 points; Rocky Colavito, Detroit outfielder, 51; Al Kaline, Detroit outfielder, 35; and New York catcher Elston Howard, 30, rounded out the top 10.

Speaking for his family—wife Patricia and four young children—Maris said: "I'm real happy. All of us are happy. I was hoping all along I would win it but I wasn't sure until I got the official call."

Busy with details of building a new home in the greater Kansas City area, Maris said he is dedicated toward "helping the Yankees win the pennant again next season."

Hit 61 Homers
The unassuming blond outfielder hit home No. 61 in the last game of 1961 season, tagging a pitch from Boston rookie, Tracy Stallard, in Yankee Stadium. Maris fell one shy of Ruth's 1927 mark over the former 154-game route.

But the season's finale was the apex of Maris' brilliant two-season career with the Yankees. Traded to New York from Kansas City in a seven-man deal two years ago, Roger hit 39 homers and had 112 RBI in 1959 when he capped MVP honors.

Missed One Game
Maris missed only one game in 1961, getting 159 hits in 590 times at bat for a .269 average. He had 16 doubles, four triples and scored 132 runs, slugging at a .520 clip.

Mantle batted .317 and swatted 54 home runs in what probably was his greatest of many great seasons. Mick also stole 12 bases and had 163 hits and 132 runs in 153 games. He hit 16 doubles and six triples.

Major Leagues Easing Spring Racial Woes

NEW YORK (AP)—Major league club owners, complying with the wishes of the players, have been making progress in recent weeks toward alleviating the pressing problem of segregation in spring training camps.

The latest step toward ridding racial restrictions against Negro players in housing and dining room boycotts was taken by the Chicago White Sox, Arthur C. Allyn, president of the White Sox, last week purchased a hotel in Sarasota, the club's Florida training base where all the players will be housed.

Other clubs which have acted in recent weeks to eliminate racial problems during spring training in Florida are the St. Louis Cardinals, New York Yankees and New York Mets.

The Yankees, who for years trained in St. Petersburg, have switched their quarters to Fort Lauderdale, where they leased a group of motels for the entire player personnel in St. Petersburg, the white players stayed at a hotel near the ball park while the Negroes stayed in rented homes owned by Negro residents. The Cardinals, while remaining

Bob Ploss Suffers Broken Nose, May Miss NFA Contest

Injuries continue to plague the Kingston High football team. Coach Bill Burke said yesterday that second string center Bob Ploss is a doubtful participant against Newburgh on Thanksgiving Day because of a broken nose, suffered in the losing effort last week against Middletown.

Halfback Guy Bush, who dislocated his knee at Mont Pleasant, may be ready for the Goldbacks, though it will be for limited duty. Halfback Bob Kennedy, who was able to play only four or five plays against Middletown, is still hobbling with a charley horse.

Burke said the Maroon effort against Middletown was the best defensive effort of the season. "The entire team did a good job and I'm only sorry that we couldn't put that winning touchdown across," he commented.

The veteran mentor said that Newburgh figures to be every bit as tough. "Jimmy Hill is blessed with great speed and Charley Johnson, a defensive tackle, plays fullback on offense and is very dangerous," commented Burke.

Elmira Is Slated To Get Franchise In Eastern Loop

NEW YORK (AP)—The six-team Eastern Baseball League is expected to grant Elmira, N.Y., a franchise in the Class A circuit this weekend, paving the way for Elmira to become a farm affiliate of the Baltimore Orioles.

Representatives of the league are scheduled to meet here Saturday.

Elmira, which dropped out of the league several years ago, will probably replace Lancaster, Pa. Other members of the loop are York, Williamsport, and Reading in Pennsylvania; Springfield, Mass., and Binghamton, N.Y.

LSU Bengals Expect Roses After Mississippi State

By ED TUNSTALL

Associated Press Sports Writer

BATON ROUGE, La. (AP)—

With bowl atmosphere hanging heavy over Baton Rouge like Dixie dew, Louisiana State's Bayou Bengals stalk Mississippi State Saturday night for a victory that may pave the road to the Rose Bowl.

With LSU turning down a bid

to the New Orleans Sugar Bowl earlier this week and conjecture that the Tigers may head west for a New Year's Day showing, the game with Mississippi State has almost been lost in the shuffle—almost.

LSU, gunning for its eighth straight triumph after a season-opening loss to Rice, figures as a three-touchdown favorite.

These are the weapons state must face:

Bengal halfback Jerry Stovall, looking more and more like an All America, leads the Tigers in rushing with 353 yards, has received nine passes for 133 yards and has a 38.2-yard punting average.

The passing of quarterbacks Lynn Ancelet and Jimmy Field, who have completed 42 of 99 tosses for 594 yards.

Halfback Wendell Harris, the top scorer in the SEC, who seems to be approaching the peak once predicted for him.

And a savage line anchored by All America guard candidate Roy Winston.

Mississippi State—now 5-3 for the season—offers the running of fullback Mackie Weaver—298 yards on 89 attempts—and the passing of Billy Hill, John Corcoro and Charlie Furrow. The three have completed 69 of 120 passes for 776 yards.

Rochester, however, has a chance to regain a share of the Western Division top spot when it plays host to Providence tonight in the league's only game.

Cullen, skating on the same line with brother Brian, set up Bob Courcy with a first period goal struck for two in the second period and another in the third. Cullen, who could manage only four goals and nine assists in 55 games with Detroit last season, now has nine goals and 11 assists for 20 points in 15 games.

Murray Hall got Buffalo's other marker, while Jimmy Bartlett, Larry Leach and Matt Ravlich scored for the losers.

In the only other game, Hershey took Pittsburgh 3-2 on Willy Marshall's third period goal. Marshall intercepted a pass late in the last period, skated the length of the ice, faked Pittsburgh goalie Gerry McNamara out of position and rammed in the winner at 1:32.

Howie Yanosik and Ray Kinasevich got the other Beany goals. Earl Balfour and Gene Ubrico scored for Pittsburgh.

DETROIT — John Barnum, pro at the Blythefield Country Club, has won all three Michigan PGA events this year. He won the state open, the state PGA and the Western Michigan PGA.

SCHOLASTIC CORNER

By ED PALLADINO

Three yards. They sound like a few but they might just as well be three miles because when time ran out Saturday at Dietz Stadium, the Kingston High football team was only three yards away from recording one of its greatest victories. If Middletown beats Port Jervis on Thanksgiving Day and finishes with its first perfect season since 1917, the Middies can remember how close they came to having their streak broken last week in Kingston.

CLOSE, BUT NO CIGAR

Early in the season Coach Bill Burke told this reporter that if his inexperienced football team developed the way he thought it might, he would have a chance of beating the Middies.

Despite a huge list of injuries, including those to John Duffner and Paul Natale, the only regulars back from 1960, the Maroon players did jell and they came so close to staging one of the great victories in Burke's successful coaching career. However, the scoreboard still showed Middletown with the highest total when the firing had ceased and that's what counts.

THE MIDDIES DIDN'T PANIC

Though the Maroon players gave forth their finest effort of the season and though they outplayed the visitors almost from the start, it's a tribute to Coach John Whitehead and his club that it could survive the crucial moments, give a demonstration of a vaunted defense with three goal line stands, be held to only 14 points and still walk off the field a tired and weary but also a happy winner.

Despite what might be said, Middletown didn't play a bad game. The team executed the patterns on offense. What did happen was that the KHS linemen were seemingly all over the field. Except for Ronnie Smith, a great player, the other Middies had trouble against an aggressive line as they will see all year. Quarterback Bill Kindberg was completely tormented by the opposition and, except for a few moments in the second period, he had great difficulty passing.

A MORAL VICTORY

There's an old saying that moral victories don't count. Yet, we can't help feel that coaches Burke, Hurley and Cole and the entire team can feel proud of their job on the Middies. After all, with the impressive set of figures the visitors brought to town, Kingston could have been run right off the football field.

A last note on the contest. It was one of the cleanest games we have seen in some time. As one of the officials said after it was over, "those teams came to play ball and that they did."

MAIL TO THE HUGUENOTS

Since 1858, the New Paltz High football team has dropped only one game in the Ulster County Scholastic League. In the past three seasons, the Huguenots have been unbeaten in league play, though tied three times. In fact, their only loss in the past three seasons was the last game of the '59 season when Greer turned the trick.

Despite a rash of injuries, Coach Bill Russell was able to guide his horde to a record of six wins and a tie this past year and the two season mark now shows 11 wins and three ties in 14 games.

After watching this club against Wallkill, we came back with the opinion that the Huguenots love to play football and that's a very necessary ingredient for a successful club. We salute the UCL champions.

AND TO THE SAWYERS

It's now been two full years and 16 games that Saugerties High has dropped a grid tilt and indications are that it may be sometime before the Sawyers lose another.

They successfully rolled over eight rivals with a minimum of effort and won a second straight DCSL title. Since an opening tie with Red Hook in 1960, the SHS gridgers have won 15 straight with seven of them coming under Bill Straub and the eight this season under Fred Seither.

Though Seither had one of the lightest clubs in the area, his boys were successful because of good teamwork and great blocking, which helped break aces Al Hrdlicka, Lou Spada and Doug Robinson loose more than once.

These have been good years for the Huguenots and the Sawyers. Unbeaten football clubs in this day and age are a rarity.

Heberts, Sanders Are Favorites in \$15G Golf Event

LAFAYETTE, La. (AP) — The weatherman boosted spirits today as the \$15,000 Cajun Classic golf tourney teed off following nearly a week of heavy rains.

Almost two inches fell on the rolling Oakbourne Country Club course Wednesday, but two prom-

ising youngsters—Mason Rudolph of Clarksville, Tenn., and Jackie Cupit of Longview, Tex.—blasted through the water with four-under-par 67s in the pro-am event.

The sizzling 67s by Cupit and Rudolph served notice that favorites Jay and Lionel Hebert, natives of Louisiana, and staccato-swinging Doug Sanders have their work cut out on the 6,534-yard course.

Lionel Hebert won the tourney last year, while Jay took the crown in 1958.

ALL-STAR CAST — Rutgers football players get a star for every pass they intercept. This quartet accounts for more than 10 times as many tackles. They are, left to right, Pierce Frauenheim, safety man; Bob Yaksick, corner linebacker; Sam Mudie, safety; and Joe Kowalski, corner linebacker. Kowalski is the most savage tackler on squad.

Last Chance for Baldwin Wallace

By THE ASSOCIATED PRESS

Baldwin-Wallace has a final chance this weekend to move past powerful Pittsburgh of Kansas and grab the No. 1 position in The Associated Press small-college football poll.

Pittsburgh remained a solid pace-setter in this week's poll, collecting 71 points to 61 for Baldwin-Wallace. While the Kansas team has finished its season with a 9-0 record, Baldwin-Wallace (8-0) has one game left to play—against Kent State (2-7) Saturday.

There was a major shakeup in the other top positions. They resulted in strong advances by Fresno State, Whittier, Lehigh, Lenoir Rhyne and Amherst. Southeastern Louisiana and Northern Michigan, both beaten last Saturday, lost considerable ground.

The top 10 (points figured on a basis of 10-9-8-7-6-5-4-3-2-1 from first through 10th places) (first place votes in parentheses):

1. Pittsburgh (Kan.) (5) 71
2. Baldwin-Wallace 61
3. Fresno State 48
4. Whittier (Calif.) 38
5. Florida A&M 37
6. Lehigh 30
7. Lenoir Rhyne (1) 18
8. Linfield (1) 16
9. Southeastern Louisiana 15
10. Amherst 12

Clarkson Nips Glebes Hockey Squad 13 to 0

By THE ASSOCIATED PRESS

Clarkson College and St. Lawrence University downed Canadian opponents Wednesday night as the New York State college hockey season got under way.

Clarkson blanked the Ottawa Glebes 13-0 in an exhibition home game with sophomore Frank Schmeler leading the winners' attack with five goals. Glebe goalie Brian Curtis snagged 39 saves.

St. Lawrence's first win of the season was an 8-1 triumph over the Ottawa Montegnards. The Larries, defending Eastern champion, held a 4-1 lead after two periods but added four goals in a late-third period drive.

Red Hickey Has Faltering 49ers At the Movies

By HARRY JUPITER

Associated Press Sports Writer

SAN FRANCISCO (AP) — Like a Viennese analyst, Coach Red Hickey is trying to restore the confidence of his San Francisco 49ers by reminding them of happier days.

"Things weren't always like this," he tells his warriors, wounded in pride and body, as they prepare for Sunday's National Football League clash with the Chicago Bears.

He's showing them movies of their finest hours — their 49-0 trouncing of Detroit and 35-0 shellacking of Los Angeles in October. To the 49ers, that seems a long time ago.

San Francisco was sitting atop the football world a month ago but they've lost three and tied one in their last four games.

"The boys are working hard," Hickey says, "and I'm trying to encourage 'em. There never has been any apparent lack of effort."

Len Rohde will go at offensive tackle in place of big Bob St. Clair, who has a painfully pulled thigh muscle.

Abe Woodson, who won all league honors last year, is back in the defensive secondary in place of Jerry Mertens.

But Hickey won't say whether he plans to go with John Brodie or Bill Kilmer or both at quarterback now that Bobby Waters, the third stringer in the shotgun tripartite, is injured and apparently through for the season.

"That's for the bears to find out," Hickey says, "but we'll have some surprises for 'em."

NCAA Lists Pedro As Top Scorer in College Football

NEW YORK (AP) — Pete Pedro of West Texas State continues to lead major college football players in scoring and Hugh Campbell of Washington State has virtually clinched his second straight pass-catching title, the latest NCAA Service Bureau statistics showed today.

Pedro has scored 20 touchdowns, only four short of the record set by Art Luppino of Arizona in 1954, for 120 points. Jim (Preacher) Pilot of New Mexico State is second with 96 points.

Campbell caught only two passes last Saturday. But with two games left to play, he holds a 10-reception edge over Oscar Donahue of San Jose State, who has only one game remaining. Campbell has caught 44 passes and Donahue 34.

Larry Vargo of Detroit and Mack Burton, San Jose State, have scored the most touchdowns with passes, seven apiece. Lance Alworth of Arkansas is the punt runback leader with 275 yards on 23 returns. Idaho's Dick Mooney maintained his lead in kickoff returns with 494 yards on 23 returns. Greg Mather of Navy, who booted a field goal in his team's loss to Duke Saturday, has scored the most points by kicking, 47.

Career Ended

PHILADELPHIA (AP) — Tackle Bob Earnest won't be available for the Columbia game Saturday, Penn Coach John Steigman said Wednesday. He reinjured a knee against Yale and will be lost for the rest of the season, ending the Portage, Pa., senior's college football career.

192 Key Bowlers To Meet Friday For 5th Tourney

CHICAGO (AP)—A field of 128 men and 64 women will warm up tonight in a "parade of champions" for the fifth annual world's invitational match game bowling championship.

The 10-day tourney, with a distribution of \$48,240 in prize money, formally starts Friday with the entry list representing 25 states and Canada and Mexico.

The preview in tonight's special competition for \$3,000 in prizes will be followed by day and evening sessions for nine days and a climactic single daytime session on Sunday, Nov. 26.

After the first four days, the fields will be sliced to 48 men and 32 women, a double round Tuesday, Nov. 21, will send 15 men and 15 women into the match-play finals along with defending champions Don Carter of St. Louis and Marion Ladewig of Grand Rapids, Mich.

Melinda Laux Hits 14 Points

Melinda Laux racked up 14 points to pace St. Joseph's to a 20 to 6 victory over St. Catherine Laboure in the Girls CYO Intermediate league.

Marilyn Laux contributed 6 points. Kay Werner accounted for all six points for the losers.

The score:
St. Joseph's (20) — Melinda Laux 14, Marilyn Laux 6; P. Tosney, C. Bott, A. Murphy, B. Kuschner, M. Johnston, S. Gormley, J. Showers, C. Murphy, J. Kelly.

St. Catherine's (6) — S. Barton, K. Werner 6; Joann Healey, Joyce Marolla, K. Young, P. Werner, J. Lomaro, M. Schatzel.

All Hawks On Block Says Coach

By THE ASSOCIATED PRESS

The St. Louis Hawks, five times Western Division champions of the National Basketball Association, slipped into fourth place of the five-team Western Division Wednesday night, bowing to Detroit 127-122.

It was the Hawks' fifth loss in six games. They now stand 5-9 for the season.

Coach Paul Seymour created a stir before the game when he announced the whole team was on the trading block.

"I'm here to trade," he said in Detroit. "I'm not talking about my 10th man. I'd trade any of our top players. They tell me I've got three of the best players in the world. Well, I'm ready."

That position, however, was quickly reversed by owner Ben Kerner in St. Louis. "No Hawk players are on the market until they are put there by this office," he said.

The Detroit victory moved it past St. Louis into third place. In the other games, Philadelphia snapped Cincinnati's six-game winning string 145-133. Syracuse dumped New York into the Eastern Division cellar 114-102 and Los Angeles defeated Chicago 133-118.

Billy Howell with 30 and Don Obi with 28 paced the Pistons, while Cliff Hagan's 30 points was tops for St. Louis.

Philadelphia led virtually the way in ending the Cincinnati string, but had to overcome a spectacular performance by Oscar Robertson, who had 49 points, high for his pro career.

Walt Chamberlain, the league's scoring leader, got 43 points for the Warriors.

Kelley Eyes Methods To Slow Down Rutgers

HAMILTON, N.Y. (AP)—Coach Al Kelley is spending this week figuring a way to stop unbeaten Rutgers' ground attack — "something nobody else has done this year."

Kelley said Colgate's 51-8 foot-

ball loss to Syracuse was caused by mistakes in the Red Raider defensive secondary. "My players want a chance to redeem themselves by upsetting Rutgers," Kelley said yesterday.

Washington Set For Clash With Va. Tech Friday

Shades of yesteryear—there's a Friday afternoon and a Saturday morning game on tap this week in college football.

Virginia Tech entertains George Washington at Blacksburg, Va., in the Friday afternoon game. Saturday morning South Carolina and North Carolina State clash at Raleigh, N.C.

The N.C. State-South Carolina Atlantic Coast Conference game was re-scheduled to avoid a conflict with the Duke-North Carolina contest at Durham Saturday afternoon which will determine the ACC champion.

The nation's top-ranked teams and bowl hopefuls were confident of avoiding upsets such as hit Georgia Tech and Colorado last Saturday.

Texas, ranked No. 1 in The Associated Press poll, engaged in a brisk workout stressing pass offense for Texas Christian.

Michigan State, seeking to rebound against Northwestern after last week's surprise defeat by Purdue, will be minus guards Ed Budde and Wayne Fontes. Both suffered ankle sprains. Ohio State guard Wayne Betz also suffered an ankle injury and is a doubtful starter against Oregon.

Toronto Leafs Slam Montreal Skaters 3-2

By THE ASSOCIATED PRESS
The Toronto Maple Leafs, in and out of the No. 2 spot in the National Hockey League all season, are in again.

The Leafs jammed in two goals within a space of 17 seconds of the last period Wednesday night and beat Montreal, 3-2. It moved them past idle New York into the runnerup spot.

Montreal now leads Toronto by one point, and New York is the same distance back in third.

In the only other game Wednesday night, Chicago shutout Detroit 2-0 on a pair of goals by Bill Hay and the goal-tending of Glenn Hall, putting the Black Hawks in a tie with Detroit for fourth place.

Ortiz, Rosi May Get Title Bout With Joey Brown

NEW YORK (AP)—The winner of Saturday's Carlos Ortiz-Paulo Rosi fight will get a title bout with lightweight champion Joe Brown, matchmaker, Teddy Brenner said today.

He said Brown's manager, Lou Viscusi, agreed to the bout in telephone conversation.

"He accepted our offer of a \$60,000 guarantee," Brenner said. "The fight will take place in March. The site hasn't been selected."

Brenner said the fight probably will be in either Houston or New York.

Rosi, a native of Italy, and Puerto Rican-born Ortiz, now fight out of New York. Ortiz, who has won 34, lost four and fought one no decision, is a 9-11 favorite for the nationally-televised (ABC-TV) Saturday fight. Rosi has a 36-8-2 record.

\$145G Messenger Event Is Slated At RR Tomorrow

WESTBURY, N.Y. (AP)—Harness racing's richest race — the \$145,377 Messenger Stakes at Roosevelt Raceway Friday night — pinpoints the role of the stallion, Adios, in the standardbred sport.

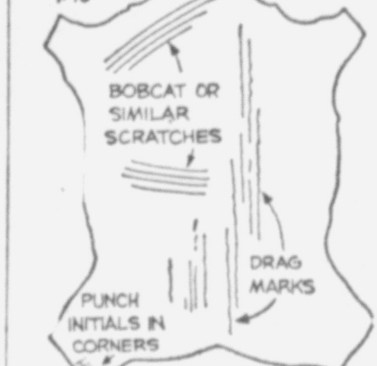

The 22-year-old stallion, who stands at Del Miller's Meadowlands Farm near Washington, Pa., could well be called the Man O'War of harness racing. "Big Red," as Man O'War was known in thoroughbred racing, sired many winners yearly during the more than 20 years he held court in Kentucky.

Adios, too, has sired many winners and it is estimated that his get have won \$10 million during the last 10 years.

Five of the nine 3-year-old pacers in the Messenger were sired by Adios—Henry T. Adios, Adios-and, Hogan Hanover, Land Hanover and Adios Don. In addition, two of the remaining four, Tarport Jimmy and Yankee Express, are grandsons.

Davis, Dabiero 44's To Clash Saturday

SYRACUSE, N.Y. (AP)—A pair of 44's are expected to explode at South Bend Saturday, but in a football game rather than a western gun battle.

Ernie Davis of Syracuse and Angelo Dabiero of Notre Dame, the rushing leaders of their teams both wear the numerals 44. Davis has 629 yards and a 5.6-yard average and Dabiero has a 6.8 average and 444 yards.

12 U.S. Planes Reach Saigon

SAIGON, South Viet Nam (AP)—The U.S. Embassy confirmed today that eight advanced T-28 fighter-bomber trainers and four C-47 transports have been assigned to South Viet Nam under the U.S. Air Force program to build up the aerial strength of this Communist-menaced nation.

The spokesman said seven of the trainers and three transports have already arrived at Bien Hoa, a seldom-used airfield 28 miles northeast of Saigon where the Americans have been moving tons of supplies amid strict secrecy over the past two weeks. The rest of the plane shipment is expected by Friday.

More planes are expected later. There have been reports from usually reliable sources that these will include bombers.

Per Capita Aid To City \$51,375, County \$140,089

Ulster County received \$140,089.96 from the distribution of \$11,737,461.59 as per capita assistance to the cities, towns and villages of the state, according to State Comptroller Arthur Levitt. The City of Kingston receives \$51,375.93.

This payment is the third quarterly installment in the state's 1961-62 fiscal year. Checks were mailed to the fiscal officers of the State's 61 cities, 550 villages and 932 towns.

Columbia County's share of the third-quarter distribution was \$56,316.25. Dutchess County received \$196,155.48 and Greene County \$36,595.93.

Unlike other types of state aid, which are granted for a specific purpose, such as education, highways and health, the per capita aid can be used for any general municipal purpose.

This payment is allocated to the local units of government on a per capita basis. Each city receives annually the sum of \$6.75 times the amount of its population, towns receive \$3.55 for each inhabitant and villages \$3 for each inhabitant.

Poles Give New Adaptation of Beria's Arrest

WARSAW, Poland (AP)—A sensational new version of the arrest of Soviet police boss Lavrenty P. Beria, purporting to come from Premier Khrushchev, was reported by Polish Communist sources today.

They said Beria brandished a pistol and was disarmed by Khrushchev himself who wrestled with him in a heretofore undisclosed meeting of the Communist party politburo.

The informants said Beria later was tried and executed on Dec. 23, 1953 in Azerbaijan. This date agreed with previous announcements of the execution.

The Polish sources told Western newsmen they were present at a glass-clinking reception for about 1,000 persons during the recent Soviet party congress in Moscow when Khrushchev launched into the story of his physical struggle with Beria.

Chop suey, often regarded as a typical Chinese dish, was first concocted 65 years ago—in the United States. A visiting Chinese statesman served the new dish to his American friends. After dinner the chef was called in. Asked the name of his tasty dish, the chef said, "I call it chop suey—that's what we call hash in China." Hash it not, the Americans loved it—and the chop suey parlor became a U.S. institution.

Macapagal Victor in Philippines

MANILA (AP)—Diosdado Macapagal clinched the presidency of the Philippines today. The 51-year-old vice president defeated President Carlos P. Garcia in a hard-fought campaign.

Macapagal is pledged to wipe out graft.

With perhaps 85 per cent of the returns in, the unofficial count gave Macapagal 3,188,135 votes and Garcia 2,329,756.

In the vice presidential race, Macapagal's running mate, Emmanuel Pelaez, led with 2,017,036 votes. His closest rival, independent Sergio Osmena Jr., son of the late President Osmena, had 1,819,086. Gil J. Puyat, Garcia's running mate, had 1,479,532.

Macapagal is pledged to maintain the Philippines' strong ties with the United States, and may even improve them.

Salary Cut Restored

ROCHESTER, N.Y. (AP)—The Republican-controlled town board in suburban Clarkson Wednesday night restored the \$600 it had lopped from the \$2,600 annual salary of Democratic Supervisor-elect Robert Sheldon.

A board spokesman said it was "bowing to public reaction." The reason given for the post-election cut was Sheldon's "lack of experience."

Sheldon won the Democratic nomination after being rejected by the Republicans. His Republican opponent in the Nov. 7 election was the only GOP candidate in the town to lose.

Chrges Dropped Against Couple in Cartridge Sale

Charges dealing with alleged sale of 22 calibre cartridges to minors, lodged against Nicholas, 55, and Anna B. Tresaloni, 55, of 40 St. Mary's Street, last August, were dismissed in city court today.

Assistant District Attorney Francis J. Vogt indicated evidence was insufficient to warrant prosecution based on any willful intention to violate the law.

It was charged that cartridges had been purchased by minors at a Hasbrouck Avenue store operated by the Tresalonis. Attorney Vincent G. Connelly appeared for the defendants.

A suspended sentence of 30 days in jail was imposed by Special City Judge Arthur B. Ewig upon Maude Peoples, 19, of Auburn Street, who was booked for petit larceny Wednesday, after reported shoplifting at the Woolworth store, Wall Street.

It was charged that she had taken a knit hat, woolen gloves and other items. Judge Ewig said sentence was suspended on the assumption that she was resolved to avoid any similar misbehavior or involvement with the law.

Address Listed

In an advertisement for Sklon's Typewriter Service appearing in Wednesday's Freeman the address should have been listed at 10 Hoffman Street. The information that the business is open evenings by appointment was also omitted.

Congenital means inborn, or existing at birth.

Aides Will Brief Thant On Mutiny

UNITED NATIONS, N.Y. (AP)—Acting Secretary-General U. Thant gets a first-hand report today from two of his top Congo aides on the new Congolese mutiny causing grave concern at U.N. headquarters here.

Conor Cruise O'Brien, chief U.N. representative in Katanga Province, and Maj. Gen. Sean McKeown, U.N. military commander in the Congo, were scheduled to arrive in New York later today.

The Security Council this afternoon also continues its debate on another aspect of the Congo crisis, the continuing secession of Katanga Province.

U. Thant took personal charge of U.N. efforts to quiet the explosive situation in the Congo and authorized U.N. forces in the Congo to take "every measure possible" to quell the mutiny believed led by Congolese leftists under Antoine Gizenga, political heir of the late Patrice Lumumba.

Gizenga's reported activity in the eastern Congo was causing open concern among the secretary-general and his top aides.

The uprising posed a new threat to the unity of the Congo and could confront the acting secretary-general with a king-size political dilemma. If the U.N. command ends a leftist mutiny but is unable to end the secession of Katanga Province, the Soviet bloc may try to blame U. Thant.

Timberlake Plans Incorporation Of Fallout Group

Eleven families in Timberlake Estates housing development on Glasco Turnpike near Shultis Corners, who are studying plans to establish a community fallout shelter there, will discuss plans to form a corporation at a meeting scheduled Friday.

The meeting will be held 9 p. m. at Zerek Construction Company offices in Woodstock. Joseph R. Mizerek will outline a proposal for a fallout shelter the Zerek firm offers to build under contract.

The Timberlake group is studying various plans for fallout shelters and is expected to make a decision on the type of building it wants and possibly will name the site.

Last Friday the group met at the home of William Sartelle where a plan was outlined by Edward Balmer of Shady, local representative of Clayton & Lambert Manufacturing Company of Bushner, Ky., for a pre-fabricated fallout shelter. The approved pre-fab shelter is made of heavy gauge galvanized steel complete with safety exits and ventilating system.

According to preliminary plans of the group the shelter would be constructed to accommodate 12 families or approximately 50 persons. Early discussions on the project estimated that the cost would be approximately \$600 per family. The total cost was estimated at over \$8,000.

The finance committee of the group has determined that a Federal Housing Authority approved loan could be secured through a bank to finance the project.

The popular song "On the Banks of the Wabash" was written by Paul Dresser, brother of the novelist Theodore Dreiser.
